General No. 115.

CIRCULAR, No. 490.

RULES FOR THE GUIDANCE OF THE ORDNANCE SELECT COMMITTEE.

War Office, 13th October, 1859.

1. The Ordnance Select Committee will meet as a rule on Mondays, Wednesdays and Fridays; but the President is empowered to call more frequent meetings, if necessary, or dispense specially with any meeting, should there be no business to bring before the Committee on a particular day, or should the Members be occupied on other public duties.

2. No Member is to absent himself from any Meeting of the Committee without obtaining leave of absence from the President, should circumstances permit a previous application.

3. The President is empowered to grant leave of absence for not more than a fortnight. For any longer period application must be made, through the President, to the Secretary of State.

4. The Committee may recommend for adoption any improvements in existing patterns which it may deem desirable, and for this purpose may receive the suggestions of its Members, on notice in writing being given to the President at a previous Meeting. But when any Member of the Committee is desirous of submitting an original invention of his own, it is to be forwarded to the Secretary of State for War, by whom it will be referred, if necessary, for the consideration of the Committee, in which case the proposer for such invention will be disqualified from attending the Committee when it is under consideration, except for the purpose of explaining his invention or improvement.

No proposal emanating from any other quarter than the above is to be considered by the Committee, unless referred to it by the authority of the Secretary of State.

The Secretary to the Committee will inform all persons communicating directly with the Committee on the subject of new propositions or inventions, that their application must in the first instance be addressed to the Secretary of State for War, who will give such directions thereupon as he thinks fit.

5. When propositions and inventions are referred to the Ordnance Select Committee by the Secretary of State for War, the Secretary is to communicate with the proposer or inventor, requesting such further explanations, with drawings or models, as may be necessary, or as, under the circumstances, he may be willing to afford.

6. The original papers containing descriptions of inventions brought before the Committee are to be retained at the Ordnance Select Committee Office.

7. The majority of votes is to determine the decision of the Committee, the President or acting President having a casting vote. In all cases, however, it should be stated to the Secretary of State for War whether the Committee are unanimous in their decision, and, in case they are not unanimous, the names of the Members assenting and dissenting should be attached to the notification of the decision to the Secretary of State for War, who will have the opportunity of calling for the reasons that have actuated either the majority or minority, if he see fit. Should the President see no objection, a Member dissenting may append his reasons for so doing.

8. At every Meeting of the Committee, the minutes of business transacted at the previous Meeting are to be read and signed by the President or acting President.

9. The subjects are to be brought forward in the order of their importance in the opinion of the President.

10. The Registers relative to the business of the Committee are to be laid on the table at each Meeting.

11. The Minute Book is to contain an accurate account of the manner in which the business is disposed of.

12. Should the Committee desire an opinion from any head of a Manufacturing Department, or other Officer of the Royal Arsenal, or a Professor or Master of the Royal Military Academy, the Secretary, by direction of the President, will refer to such Officer, who, in his reply, will be expected to state briefly the grounds for his advice, opinion or decision. The Committee will, in like manner, apply direct to Heads of Departments for statistical or other information for which they have occasion; or for drawings and tracings; but if the demand be such as cannot be complied with without inconvenience or considerable expense, these Officers will be at liberty to refer the question to the Secretary of State for authority.

13. All papers describing inventions, and all propositions which are to come before the Committee, will be first minuted by the Secretary, with any observations which may be useful in their consideration.

14. A Register of all Inventions, with the names of the Inventors, is to be kept, showing the date of their reference to the Committee by the Secretary of State, and how disposed of.

15. All reports are to be made in double columns, setting forth briefly on opposite sides of the page the reasons for and against an invention, thus:—

Advantages claimed by the Inventor.	Remarks by the Committee.

16. Communications to the War Office are to be addressed to the Under Secretary of State for War.

17. The Committee is authorized to carry on experiments either at the expense of an inventor or that of the public, without the previous sanction of the Secretary of State. A report of every such experiment is to be made within fourteen days after the decision of the Committee to undertake it, accompanied by a statement of the probable or actual cost.

18. The President of the Ordnance Select Committee is authorized to obtain from the several Departments in the Royal Arsenal such assistance as may be necessary for the purpose of carrying on the experiments and practice in accordance with Rule 17.

Stores are to be obtained by requisition on the Principal Military Storekeepers at the Tower and Woolwich.

19. Quarterly Abstracts of Proceedings of the Committee are to be made to the Secretary of State for War.

The annexed forms are used by the Committee.

MEMORANDUM FOR INVENTORS.

War Office, 13th October, 1859.

1. MISAPPREHENSION having frequently arisen as to the Rules of the War Office with respect to inventions which are brought under its consideration, it is deemed expedient to apprise Inventors that the Ordnance Select Committee has been appointed by Her Majesty's Principal Secretary of State for the War Department to examine and report upon all inventions or improvements relating to the implements or munitions of war, which from time to time he may think proper to submit to the consideration of the Committee.

2. An investigation will be made by the Committee into the merits of any invention only upon the terms and conditions stated in this Memorandum, which terms and conditions must be held to be binding upon every Inventor whose invention is submitted by him to the Committee.

3. The Inventor must leave with the Secretary of the Committee a written description, model or specification of his invention, and should it be thought desirable to subject it to experimental trial he must, when required by the Secretary, deliver at Shoeburyness, or other place named to him, a specimen corresponding with the description.

4. The Inventor will be required to state—

I. The results intended to be attained by his invention.

II. The estimate cost of the invention or improvement in a state to be introduced into the Service.

III. The sum which he requires, either—

1st. For the assignment of the invention or patent to the Secretary of State for the time being;

2nd. For a licence, if patented, and afterwards for the manufacture and supply of the invention as finally approved.

5. The Inventor must attend at his own expense any meetings of the Committee to which he may be summoned, and give all information and answer all questions then and there put to him by the Committee, for the purpose of illustrating or explaining his invention.

6. The Inventor will bear all damage or injury that may arise to any of his specimens delivered to the Committee.

7. The Committee do not undertake to order a trial of any invention, unless the experiments are likely, in their judgment, to lead to beneficial results; nor do they undertake to order experiments in any case at the public cost. Before, however, any experiments are undertaken by the Committee they will apprise the Inventor of the time and place of doing so; and if the experiments are to be made at his cost they will name the sum to be deposited by him with the Committee to cover the expenses thereof. The Inventor will be permitted to be present at all experiments made at his cost.

8. In the event of the adoption into the Service of the invention, the descriptions, drawings or models which have been furnished by the Inventor will be retained by the Ordnance Select Committee as the property of the Department.

9. In the event of rejection, drawings or models will be considered as the property of the Inventor, and will be returned to him, on his making application for the same within two months after the date of the notification of the rejection of his proposal. The Committee will, however, have the option of retaining copies of the same for purposes of record. The period within which application for the return must be made will be extended in the case of foreign Inventors according to circumstances.

10. The Secretary of State does not undertake to purchase at the price named, or at any other price, any invention offered to him under the terms of this Memorandum.

8. The Pensions to widows of Chaplains shall be at the rates granted to the widows of Officers of corresponding rank.

War Office, 22nd November, 1859.

His Royal Highness the General Commanding in Chief having concurred with Mr. Secretary Herbert in the desirability of a more complete examination of the Ordnance mounted or on service at home and abroad being made at the Inspections, in order that the decision respecting it may be founded on satisfactory data, the enclosed directions are issued for the guidance of all Officers concerned.

DIRECTIONS TO BE ATTENDED TO IN THE EXAMINATION OF ORDNANCE AT OUT-STATIONS.

18th October, 1859.

NOTE.—No measurement or examination of any part of a gun to be made until that part has been thoroughly scraped and cleaned.

1. **SCRAPE** and clean the exterior of the piece. Old swords should be issued for this purpose.

2. Carefully examine the exterior of the piece. Register the number, marks and weight. If any flaw or defect is discovered, the dimensions and position of the same to be recorded.

3. Strike the ends of the trunnions, breeching loop and cascable two or three smart blows with a hand hammer, in order to see that these are sound.

4. Have the bore thoroughly scraped with a circular spring scraper, and afterwards cleaned out with a hard round and turk's head brush to remove all scales, rust and dirt.

For guns with chambers a balloon scraper is necessary. For bottoms of bore, a fore-right scraper.

If the bore is much corroded, elevate it, fill it with water and let it remain for three or four days. Remove the water, clean the bore with a hard round brush, and let it dry before using the scraper.

5. Examine the bore with a mirror. A small lamp or candle fixed on the end of a rod may be used if the mirror cannot be employed.

6. Search the bore with spring searchers. If holes or flaws are discovered in the bore, their dimensions and distance from the face to be recorded. The impression of them may be taken by fixing a composition on a small upright pricker fixed to a rod, and pressing it into the hole.

The composition consists of—2 Beeswax,
1 Treacle, } boiled together.
1 Soft Soap,

7. After the vent has been well cleaned with a vent scraper, gauge it with the instrument provided for that purpose. The highest gauge that passes down the vent determines its size. It is important that the bottom of the vent should be taken by the pricker and composition, and its dimensions recorded, care being taken to note any fissures extending beyond the vent in the metal of the gun as shown on the impression.

8. In taking the diameter of the bore great care is necessary, in order to obtain the accuracy requisite for this measurement.

9. The length of the gun is the horizontal distance between the rear of the base ring and the face of the piece.

10. In determining whether guns are serviceable, repairable or unserviceable much will depend upon their position and the service required of them. If important and likely to be much used, the same should be mentioned in the return, or the reverse, as the case may be.

11. Guns specially used for drill purposes should also be mentioned.

12. In describing the condition of the bore after it has been thoroughly scraped and cleaned, the terms rough, very rough and honey-combed, according to its condition, should be made use of.

13. If honey-combed, the depth and position of the parts in that condition should be mentioned.

Instruments, &c. necessary for the Examination of Ordnance at Out-Stations.

1. Spring scrapers, according to the nature of the Ordnance.
2. Balloon scrapers for chambers.
3. Fore-right scrapers for bottom of boxes.
4. Half-round scrapers for the curve at the bottom of the bore, also for bores of mortars.
5. Spring searchers, according to the nature of the Ordnance.
6. Common pricklers on rods for determining the dimensions of holes and the bottoms of vents.
7. Mirror.
8. Small tin lamp and rod for examining the bore (candle may be used).
9. A vent scraper.
10. A set of vent gauges.
11. A rule with diagonal scale.
12. Hard round brush (according to nature of Ordnance).
13. Turk's head brush.
14. Inside callipers.
15. Wax, treacle and soft soap (boiled together).
16. Oil for lamp.
17. Old swords for scraping the exterior.

SIR,

CIRCULAR, No. 508.

War Office, 24th November, 1859.

WITH reference to the last paragraph of the Circular Letter of the 26th ultimo, I am directed by Mr. Secretary Herbert to inform you that the Lords Commissioners of Her Majesty's Treasury have authorized an allowance of 1s. per day being drawn for the Recruiting Services of each Staff Officer of Pensioners during the year 1858, provided he within that period passed into the Service twenty approved Recruits. You may accordingly make this charge in Summary 9 of your Out-Pension Pay List as a separate item, under the head of Recruiting Service, attaching thereto a certificate showing the number of Recruits passed in your District up to the 31st December, 1858, and the date on which you commenced recruiting in that year.

The allowance for 1859 will, both as regards Officers and men, be determined by their success during that period, as hereafter ascertained.

I am, Sir, your obedient Servant,

The Staff Officer of — Pensioners' District.

CIRCULAR, No. 509.

War Office, 30th November, 1859.

THE Staff Officers of Pensioners are informed that it is found requisite, for a due record in this Department of the correct expenditure in the accounts transmitted by them, that such charges as shall be found on examination to be erroneous or not supported by the necessary vouchers shall be in future struck out of the accounts, without waiting as heretofore for the answers of the Staff Officers, and shall not be allowed to their credit in the books of this Office; the balance in the accounts on which any disallowance shall be made will consequently be altered by this Office, but the requisite adjustments on the part of the Staff Officers will continue to be made as heretofore, by crediting the amount of disallowances in the first Pay List rendered after the receipt of the abstract of examination and of the decisions thereon, if any additional disallowances be made. For the purpose of carrying out the intended alterations an amended Form, herewith forwarded, is to be substituted for the present General State; the fly-sheet annexed thereto, being for the exclusive use of this Department, is to be left entirely blank by the Staff Officer. All payments entered in the General State should be correctly classified, and charges brought forward thereto, from summary, pages 7 and 8, should be placed under their respective heads of Army, Militia, Navy, India, Mercantile Marine, Trinity House, Patriotic Fund, &c., as the case may be. The Staff Officers will perceive that this alteration in the system of accounts will render it more requisite than before that the explanations called for in the abstract of examination should be transmitted to this Department without delay, in order that the Officers may be apprized as early as practicable of such charges as may be struck out of their accounts on the first examination, and of such as are re-admitted on receipt of their explanations.

THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,
Adjutant General.

N.B.—This General Order is substituted for that of the same date and number recently circulated.

CIRCULAR MEMORANDUM,
RECRUITING DEPARTMENT.

General No. 201.

Horse Guards, S. W., 28th November, 1859.

In the Description Return, War Office Form 847, of Head Quarter and direct Recruits, the words "time expired in — Regiment" will be inserted opposite the names of any men who may previously have received their Discharge on account of the period of service for which they enlisted having expired.

"From Indian Service" will, in like manner, be inserted against the name of any man who may have taken his Discharge under the terms of the Governor-General's Order, dated Fort William, 20th June, 1859.

By Command of HIS ROYAL HIGHNESS

THE GENERAL COMMANDING IN CHIEF,

G. A. WETHERALL,

Adjutant General.

CIRCULAR MEMORANDUM.

General No. 202.

RECRUITING DEPARTMENT.

Horse Guards, S. W., 3rd December, 1859.

In addition to the usual questions asked by the Enlistor, previous to handing the "Enlisting Money" to a man offering himself for Enlistment, the Enlistor will ask "Are you marked with the letter D?"

In future, no expenses will be allowed in the case of men rejected for being marked with the letter D, unless the man is duly convicted under the 57th clause of the Mutiny Act of having denied this fact before, or at the time of receiving Enlisting Money.

By Command of HIS ROYAL HIGHNESS,

THE GENERAL COMMANDING-IN-CHIEF.

G. A. WETHERALL,

Adjutant General.

CIRCULAR MEMORANDUM,

Addressed to the Army at Home and Abroad.

General No. 203.

Clothing, &c.

(6—1859)

Horse Guards, S. W., 5th December, 1859.

THE GENERAL COMMANDING IN CHIEF, in concurrence with the Secretary of State for War, having been pleased to direct that whenever the number of Troops at a Station permits it, Boards of Survey should have an Officer of another Corps on them, and a Military Store or Commissariat Officer likewise, Officers Commanding Regiments and Depot Battalions are enjoined—whenever it is necessary to assemble a Board of Officers for the inspection of Regimental clothing, necessaries, arms, saddlery, equipments, &c., either received or proposed to be condemned—to apply to the General or other Officer Commanding on the spot to appoint one Officer from any other Corps in garrison, and a Military Store or Commissariat Officer, according to the nature of the Stores, to be Members of the Board.

It is, however, to be understood that, as a general rule, the above addition is to be restricted to Boards convened for the inspection of annual clothing, or of any considerable supply of arms, clothing, appointments, or free kits, and is not to be resorted to on every occasion of the receipt of a small number of articles, except when the ordinary Regimental Board considers it necessary to reject any articles forming part of a small supply, in which case the Board is always to be reconstituted with the additional Officers as herein directed.

Boards, however, held upon articles which, having been in use in a Regiment, are to be returned into Store, should invariably comprise all the additional Officers.

By Command.

G. A. WETHERALL,

Adjutant General.

CIRCULAR MEMORANDUM,

Addressed to General and other Officers commanding at Foreign Stations, and to Officers commanding Regiments of Infantry serving Abroad.

General No. 204.

Clothing—7 (1859).

Horse Guards, S. W., 6th December, 1859.

GENERAL Officers commanding at Foreign Stations and Officers commanding Regiments of Infantry abroad are requested to state—with reference to the two accompanying Circular Memoranda,* authorizing the introduction into the Service of leather leggings as an article of clothing for Infantry serving at home—whether, in their opinion, it would conduce to the health and comfort of the Soldier were the issue of leather leggings extended to the Infantry under their command.

These Circulars do not apply to Regiments wearing the kilt.

By Command.

G. A. WETHERALL,
Adjutant General.

* See Monthly Army List for November, 1859, p. 221, and for December, 1859, p. 221.

THE VICTORIA CROSS

CONTINUED FROM

"The Monthly Army Lists" of March, June, July, October and December, 1857, January, February, May, July, September, October and November, 1858, and January, February, May, June, July, August, October, November and December, 1859.

War Office, 20th January, 1860.

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officers and Soldiers of Her Majesty's Army, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them in India, as recorded against their several names, viz. :—

60th Rifles.—Lieutenant ALFRED SPENCER HEATHCOTE.—For highly gallant and daring conduct at Delhi throughout the Siege, from June to September, 1857, during which he was wounded. He volunteered for services of extreme danger, especially during the six days of severe fighting in the streets after the Assault. Elected by the Officers of his Regiment.

- 8th Hussars.—Troop Serjeant-Major JAMES CHAMPION.—Date of act of bravery, 8th September, 1858.—For distinguished bravery at Beejapore on the 8th of September, 1858, when both the Officers attached to the Troop were disabled, and himself severely wounded at the commencement of the action by a ball through his body, in having continued at his duty forward, throughout the pursuit, and disabled several of the Enemy with his pistol. Also recommended for distinguished conduct at Gwallior.
- 60th Rifles (1st Battalion).—Colour-Serjeant GEORGE WALLER.—Date of acts of bravery, 14th and 18th September, 1857.—For conspicuous bravery at Delhi on the 14th of September, 1857, in charging and capturing the Enemy's guns near the Cabul Gate; and again, on the 18th of September, 1857, in the repulse of a sudden attack made by the enemy on a gun near the Chaudney Chouk. Elected by the Non-Commissioned Officers of the Regiment.
- 60th Rifles (1st Battalion).—Colour-Serjeant STEPHEN GARVIN.—Date of act of bravery, 23rd June, 1857.—For daring and gallant conduct before Delhi on the 23rd of June, 1857, in volunteering to lead a small party of men, under a heavy fire, to the "Sammy House," for the purpose of dislodging a number of the Enemy in position there, who kept up a destructive fire on the advanced battery of heavy guns, in which, after a sharp contest, he succeeded. Also recommended for gallant conduct throughout the operations before Delhi.
- 60th Rifles (1st Battalion).—Bugler WILLIAM SUTTON.—Date of act of bravery, 13th September, 1857.—For gallant conduct at Delhi on the 13th September, 1857, the night previous to the Assault, in volunteering to reconnoitre the breach. This Soldier's conduct was conspicuous throughout the operations, especially on the 2nd of August, 1857, on which occasion, during an attack by the Enemy in force, he rushed forward over the trenches, and killed one of the Enemy's Buglers, who was in the act of sounding. Elected by the Privates of the Regiment.
- 60th Rifles (1st Battalion).—Private JOHN DIVANE.—Date of act of bravery, 10th September, 1857.—For distinguished gallantry in heading a successful charge made by the Beeloochee and Sikh Troops on one of the Enemy's trenches before Delhi, on the 10th of September, 1857. He leaped out of our trenches, closely followed by the Native Troops, and was shot down from the top of the Enemy's breastworks. Elected by the Privates of the Regiment.
- 60th Rifles (1st Battalion).—Private JAMES THOMPSON.—Date of act of bravery, 9th July, 1857.—For gallant conduct in saving the life of his Captain (Captain Wilton), on the 9th of July, 1857, by dashing forward to his relief, when that Officer was surrounded by a party of Ghazees, who made a sudden rush on him from a Serai,—and killing two of them before further assistance could reach. Also recommended for conspicuous conduct throughout the Siege. Wounded. Elected by the Privates of the Regiment.
- 60th Rifles (1st Battalion).—Private SAMUEL TURNER.—Date of act of bravery, 19th June, 1857.—For having, at Delhi, on the night of the 19th of June, 1857, during a severe conflict with the Enemy, who attacked the rear of the Camp, carried off on his shoulders, under a heavy fire, a mortally wounded Officer, Lieutenant Humphreys, of the Indian Service. During this service Private Turner was wounded by a sabre cut in the right arm. His gallant conduct saved the above-named Officer from the fate of others, whose mangled remains were not recovered until the following day.
- 10th Regiment.—Private JOHN KIRK.—Date of act of bravery, 4th June, 1857.—For daring gallantry at Benares, on the 4th of June, 1857, on the outbreak of the mutiny of the Native Troops at that station, in having volunteered to proceed with two Non-commissioned Officers to rescue Captain Brown, Pension Paymaster, and his family, who were surrounded by rebels in the compound of their house; and having, at the risk of his own life, succeeded in saving them.

CONSIDERABLE inconvenience to the public service, as well as much irregularity of conduct on the part of soldiers, being caused by the practice of making settlements with men invalided to Chatham before they quit their Regiments or Depôts, Mr. Secretary Herbert desires, that all balances on account of regimental or hospital credits & to men ordered to join the Invalid Depôt may (in accordance with the spirit of Article 442 of the Explanatory Directions, relative to discharged men) be remitted to the Paymaster of the Invalid Depôt, instead of being issued to the soldiers themselves by the Regimental or Depôt Paymasters.

War Office, 24th December, 1888.

THE Secretary of State for War having been requested by His Royal Highness the General Commanding in Chief to establish at the Military Store Stations, where artillery practice is carried on, a sufficient supply of Ammunition and other Stores to meet the annual demands for practice and exercise, in order to prevent the delay which often occurs from their having to be supplied from Woolwich,

You are informed, that the Commanding Officer has been instructed to furnish you annually with a probable Estimate of such Stores as he may require during the ensuing year.

You will, therefore, previously to the preparation of your annual demand, apply to the Officer Commanding Royal Artillery for this Estimate, in order that ample provision may be made for the Service.

You will act rightly in keeping up a proportion of these Stores equal to a year and a-half or two years' expenditure, according to the distance of your Station from the sources of supply.

As a general rule, you will consider yourself responsible for the completion of the demands upon your Depôt, and for any delay arising from deficiencies which shall have been foreseen and prevented by means of your annual demand.

Your attention is also directed to the inconvenience that too often occurs from the defective manner in which Stores are described, a common name being used without specifying the particular variety required, as to kind, size, weight, &c.

The Secretary of State for War desires that the fullest information may in all cases be given in order to prevent unnecessary correspondence and delay.

CIRCULAR, No. 514 A.

VICTORIA R.

WHEREAS, by an Act passed in the twenty-second and twenty-third years of our reign, entitled "An Act to provide for the Establishment of a Reserve Force of Men who have been in Her Majesty's Service," we are authorized to cause to be enrolled for this purpose any number not exceeding 20,000 men, who, after having served in our other Forces, or in the Forces of the East India Company, may volunteer

engage to enter such Reserve Force; and further, to make regulations concerning the men or terms of service of these men and the declarations in relation thereto, as also regarding their pay and allowances, their arms, clothing, equipment and pensions, and of the government of the said Force, and for the infliction of fines and penalties for breach or misconduct. Our will and pleasure therefore is, that the following Rules and Regulations be established on these heads, and that all persons whom it may in any way concern do strictly observe and obey the same.

Given at our Court at St. James's this 9th day of December, 1856, in the 22nd year of our Reign.

By Her Majesty's Command.

SIDNEY HERBERT.

REGULATIONS.

CLAUSE 1. Any person who, as a Non-commissioned Officer or Soldier, shall have completed the term of service for which he was originally enlisted, not being less than ten years in Infantry, or twelve in Cavalry, Artillery or Engineers, or who, after his years' service, has been discharged for any cause other than misconduct, without a permanent pension, may, provided he is approved, and engages for such service by a declaration in the form hereto annexed, be enrolled to serve in the Reserve Force, under the authority of the Act noted in the margin [22 & 23 Vict. c. 42], for such period as may be wanting to complete twenty-one years if he originally enlisted in Infantry, twenty-four years if he enlisted in Cavalry, Artillery or Engineers, reckoning two years' service in such Reserve Force as one towards the attainment of these several periods of service, provided that such person shall be enrolled within five years after his discharge from the Army.

1. Till other arrangements are authorized, the persons composing this Reserve Force shall be attached during periods of training and exercise, or when called out for the other purposes specified in the said Act, to any Infantry Regiment or Depôt, or to the Enrolled Pensioner Force, whichever may, by the Secretary of State for War, be considered most convenient, and shall obey all orders of the Officers or Non-commissioned Officers of such Regiment, Depôt or Enrolled Pensioner Force while so attached.

2. Every person thus enrolled shall be bound to register his place of abode in the books of the Pension District in which he receives enrolment money, and to abide thereat, and not remove therefrom without giving due notice; and the distance of his residence is not in any case, except by special authority, to exceed thirty miles from the Head Quarters of such Pension District.

3. All persons enrolled in this Reserve Force shall be bound to attend regularly at the hour and place of assembly when called out for training and exercise, either with the Regiment Depôt or Pensioner Force to which they may have been attached as a detachment, for a period not exceeding twelve days in each year, or at any time and place when called for the preservation of the public peace, or during such period as Her Majesty may require their services within the United Kingdom, in the event of invasion or imminent danger thereof, or in case of war; on all which occasions they will be under the command of the General Commanding in Chief of Her Majesty's Forces, and subject to the Articles of War.

4. All persons failing to attend on these occasions without reasonable cause, or when they have volunteered their services for permanent duty, or who may be convicted of any serious misconduct or breach of discipline while so employed, or of violence or disrespect at any time towards the Officers entrusted with their payment and superintendence, or who shall be guilty of any fraudulent statement at their enrolment, shall, in addition to any other penalty, be liable to dismissal from the force, with the forfeiture, wholly or in part of the several advantages authorized by this Warrant.

5. On the termination of the period of service for which these men have engaged in the Reserve Force, and on the fulfilment of the other conditions, they shall be entitled to the same rates of pension as they would have attained by the Warrants under which they originally enlisted, had they continued to serve in the Corps from which they were discharged till they completed the period of twenty-one and twenty-four years respectively, and they shall be permitted to add to such pension an amount equal to the good conduct pay of which they had been in continuous receipt for two years immediately preceding the date of their discharge. Such pension, however, shall in no case exceed 10d. a day for a Private, 1s. for a corporal, or 1s. 2d. for a Sergeant or other superior Non-commissioned Officer; but, except by special authority, no service shall be reckoned

for any year in which the person enrolled has not resided at his registered place of abode, or has unlawfully absented himself during any portion of the exercise for which he shall have been called out in terms of the Act before referred to.

7. All persons enrolled in the Reserve Force, who may be wounded or disabled in the execution of their duty, shall be entitled to the same pension as, under similar circumstances and for the like service, would have been granted in the Regular Forces of Her Majesty, and when called out on permanent or continuous duty for any period exceeding three months, the whole of such period shall be reckoned according to the usual Regulations of the Service, and not at the rate of two years for one.

8. The Staff Officer of the Pension District in which persons have been enrolled for this Reserve Force, or such other Officers as may be appointed for that purpose, shall keep a record of the number of days' service performed by each person in the course of the year, as ascertained either from that Officer's own knowledge or the report of the Commanding Officer of the Regiment or Depôt with which such person may have been trained, and also of the extent of his service prior to leaving his Regiment, so that he may be enabled to report to the Commissioners of Chelsea Hospital when the right to pension has been attained in each case; and the Officer or Officers by whom such person has been trained shall also note on a certificate to be given to him, whether the extent of service which he was bound to perform up to the 31st of March in each year has been regularly completed.

9. No person enrolled in the Reserve Force shall be compelled to serve in a grade lower than that which he last held in his Corps, but any interval which may take place in his service while awaiting a vacancy shall not be allowed to reckon towards pension. In the event, however, of such persons agreeing to serve in a lower grade till vacancy offer, they shall be entitled to reckon such service towards the pension of the higher grade after it has been attained.

10. The sum of 4*l.* shall be allowed annually as enrolment money, which shall be issued to the persons composing the Reserve Force, in equal quarterly payments in advance, on the 1st April, 1st July, 1st October and 1st January, or at the period of being called out for training, as may be considered most expedient by the Secretary of State for War; but before these payments the Officer by whom they are made is to satisfy himself that each man is possessed of one pair of boots, two shirts, two pairs of socks and a stock, as also that all fines for misconduct or absence during the previous trainings have been settled.

11. Every person in this Reserve Force shall receive a tunic, a pair of trousers and a cap on the first and each succeeding seventh year of his enrolment, and be entitled to the same rates of pay and allowances when called out for training, exercise or service as are fixed for corresponding ranks in the Infantry of the Line, with the addition of such amount of good conduct pay as the enrolled man was in receipt of at the time of his discharge.

12. While serving with a Regiment or Depôt all persons belonging to this Reserve Force shall be liable to the same punishments and penalties for offences as are prescribed by the Mutiny Act and Articles of War for Her Majesty's other Forces; but when serving with the Enrolled Pensioners, minor offences may be punished by the fines and penalties authorized for that Force.

By Her Majesty's Command.

SIDNEY HERBERT.

I, —, do declare that I was discharged* from the — Regiment of — after a service of — years; that I am of the age of —; and that, provided my services shall so long be required, I will serve Her Majesty, her heirs and successors, in the Reserve Force enrolled or to be enrolled for service within the United Kingdom, in virtue of the Act noted in the margin [22 & 23 Vict. c. 42], for such a period as, reckoned at the rate of two years for one, may be required to complete † — years' service.

With reference to the annexed copy of the Circular Memorandum from the Horse Guards, dated 8th September, 1859, promulgating the grant of an allowance of 4d. a day to each Soldier employed in Camps of Instruction in throwing up Field Works, to compensate them for the wear and tear of their clothing and boots, Mr. Secretary Herbert directs that the following shall be the mode by which this pecuniary allowance shall be issued and accounted for:—

A nominal return of the men so employed, showing the periods of employment and amount awarded, rendered separately for each Regiment, to the Paymaster thereof, should be prepared by the Officer of the Royal Engineers in charge of the work, which statement should be duly certified by him.

CIRCULAR, No. 517.

War Office, Pall Mall, 12th December, 1859.

THE Secretary of State for War having had under consideration the special forms hitherto transmitted to this Office for the monthly receipt and issue of forage for horses of Officers of the Horse Brigade and Riding Establishment, and to Troop horses of the Royal Artillery in Barracks or Stationary Quarters, as enumerated in Article 37 at page 85 of the Finance Regulations, has decided that, under the new organization of that Corps, these several forms shall cease to be rendered in respect of supplies subsequent to the 31st December next, and that those now in use by Regiments of Cavalry and other mounted Corps shall from that day be made available for the several Artillery Brigades, the Riding Establishment and the Engineer Train at Home Stations.

The supplies drawn at the Camps at Aldershot and the Curragh will be accounted for as at present by the Senior Commissariat Officers at those Stations.

The following instructions are added for the guidance of the Officers concerned in the preparation and transmission of the necessary documents:—

The requisition and receipt, W. O. Form O. 132 (the amended Form 60 of the Finance Regulations), will be superseded by the forage receipt, W. O. Form 1,009.

The Artillery Barrack Diary, W. O. Form 114 (the amended Form 61 of the Finance Regulations), will be substituted by the extract of Adjutant's Roll, W. O. Form 30, as the monthly account of forage supplied, W. O. Form 15, it being understood that although the horses foraged at the Camps at Aldershot and the Curragh are to be included in the Form 30 as having drawn their rations from such source, the forage is to be excluded from the Form 15, which is to contain only supplies drawn direct from contractors and innkeepers.

The horse billet claim, W. O. Form O. 349, will be superseded by that for the Cavalry, W. O. Form 1,016, and each Brigade of Artillery will follow the practice of Regiments of Cavalry, by including in one set of returns (Forms 30 and 15) the forage supplied during each month to all the Batteries of which it is composed, showing the total of Officers' and Troop rations in each county, or separate contract, rendering, however, distinct and separate accounts for Great Britain and Ireland when portions of the Brigade may be stationed in both countries during the month, a course which should also be observed in reference to the supplies of bread and meat accounted for on W. O. Forms 6 and 7, which should be rendered in Brigades, and the whole of the moneys drawn by the Brigade within the month included in one set of such forms.

In the preparation of the extract of Adjutant's Roll care should be taken that charge for forage in respect of horses transferred to other Batteries, which they may join on the same day, are not twice made; i. e. one by the Battery from which they are struck off, and again by that to which they are removed.

The extract of Adjutant's Roll, W. O. Form 30, and the bread and meat accounts, W. O. Forms 6 and 7, should be rendered in duplicate; and supplies of all the forms referred to may be obtained on application to the Under Secretary of State, War Office, Pall Mall.

General No. 2.

CIRCULAR, No. 522. (BARRACKS.)

1,938.

HOME STATIONS.

War Office, S. W., 26th December, 1859.

INCONVENIENCE having arisen from the want of an uniform practice in making requisition for such Barrack accommodation as may be required to be handed over to the Royal Engineer Department for the execution of works or repairs which have been duly authorized either on annual or special estimate,

The Secretary of State for War has, with the concurrence of His Royal Highness the General Commanding in Chief, been pleased to give directions that the following course shall hereafter be pursued whenever Barrack accommodation may be required by Commanding Royal Engineers for the purposes above specified.

Commanding Royal Engineers will make application to the General or other Officer commanding the District for such amount and description of Barrack accommodation as may be required, sending in all instances a detail thereof upon the subjoined form.

The Officer commanding the District, in the event of the amount of accommodation required being small and easily to be spared for the period specified, will issue the requisite orders for the quarters to be given over to the Barrack Department, and will cause the Commanding Royal Engineer to be informed accordingly; but when the amount required is large (*i. e.* for 100 men or upwards), he will obtain the sanction of the General Commanding in Chief before acting upon the requisition.

Upon receiving the above-mentioned intimation from the General Officer commanding, the Commanding Royal Engineer will request the Barrack Master to hand over the buildings to the Royal Engineer Department.

On the completion of the works the Commanding Royal Engineer will apprise the Officer commanding the District and the Barrack Master, and the latter will resume possession of the buildings.

The Officer commanding the District will report such resumption to Head Quarters in cases wherein the approval of the General Commanding in Chief was sought before the accommodation was vacated.

In the event of a delay occurring in Barrack accommodation being thus handed over to the Royal Engineer Department of a nature calculated to prevent the works authorized being completed at a proper period of the year, the Commanding Royal Engineer will report the same to the Inspector General of Fortifications for the information of the Secretary of State for War.

It is especially desirable that Generals or other Officers commanding and Commanding Royal Engineers should make such arrangements as will ensure the execution of all works or repairs involving a reduction of troop or stable accommodation during the favourable season of the year, namely, between 1st April and 30th September.

JOHN ROBERT GODLEY.

Reserve Force, 13.

CIRCULAR, No. 523.

Sir,

War Office, 29th December, 1859.

I AM directed to transmit the copy of an Act passed in the end of last session, authorizing the formation of an Army Reserve Force, as also of the Warrant and Regulations sanctioned by the Secretary of State for War for carrying the provisions of that Act into effect, and to call your attention to the course which he requests you will adopt for making known the conditions of this Service, and inducing suitable persons to engage in it.

1. There are herewith forwarded copies of notices to be posted in the most public places at the Head Quarters of your District and at all Out Stations, calling upon such men as may be disposed to volunteer, and have the necessary qualifications for the force, to present themselves before you at the Pay Stations nearest their respective residences for instructions.

2. Though the notice excludes Pensioners, that is not to prevent men who have been discharged with temporary pensions from volunteering after their pensions have ceased; but as only those who are in good health can be approved for this Service, should you find any who, from their appearance, are obviously unfit, you will at once inform them that they cannot be taken, but that, should they recover, they may be examined in future years.

3. If any of the others appear likely to fulfil the required conditions with respect to service, character and efficiency, you will note their addresses and inform them that in the course of a few weeks they will be summoned by notice through the Post Office to your Head Quarters for the purpose of being medically inspected.

4. Pending the arrangements which will thereafter be necessary for this inspection, you will cause careful inquiries to be made by means of your Out-station Serjeants and other persons to whom these Volunteers may be known as to their character and habits, particularly whether they have any fixed residence or employment, so as to render it probable that they can always be found when wanted.

5. It will also be necessary that you satisfy yourself they really are the persons they represent themselves to be, for as the parchment certificate of service contains no exact description of a Soldier, it might, without some check of this kind, be fraudulently used by deserters or others to attain the pension and advantages corresponding to service which they were not entitled to reckon.

6. These inquiries having been completed, you will transmit to this Office a list, in the form annexed, of all who have applied to you for enrolment, and have fulfilled the required conditions as to service; and you will therein your objections to any

whom you have found unsuitable for the Force, when arrangements will be made with the Medical Department to send round proper Officers to inspect the remainder.

7. Each Volunteer who is at such medical examination found fit for service must be attested for the Force before a Magistrate, when he will become entitled to 1*l.* of enrolment money, from which he must immediately provide himself with one pair of ankle boots, two shirts, two pairs of socks and a stock, to be retained in your District Store till the first period of training; and you will then inform him that, on appearing before you at the Pension Head Quarters or Out-station nearest his residence every quarter, he will, on the production of a receipt and certificate of residence, in the form hereto annexed, be paid the like sum of 1*l.*, without any deduction, except for fines or penalties incurred by him.

8. You will issue to these men 1*d.* a mile for any distance they have travelled going to or returning from this inspection, together with one day's pay, at the rate to which they would have been entitled if serving with a Regiment, and one-half of these rates may in each case be allowed to those who have appeared and been medically rejected. Instructions will shortly be forwarded to you as to the mode of obtaining and accounting for the money required for this purpose.

9. Before any of the Volunteers who have been approved for the Reserve are attested, you will read over to them the Act of Parliament under which the Force is constituted, and the Regulations following thereon, so that they may clearly understand the nature of the duties for which they engage; and before they leave your Head Quarters you will note in red ink on their parchment certificates that they have been enrolled in the Army Reserve Force of your District, so as to operate as a check upon double enrolments. You will also note, in a Record Book to be kept for the purpose, all the particulars respecting each man who has been enrolled, and also forward his measurement in the accompanying form, that he may be provided with clothing, of which you will soon be furnished with a pattern.

10. You will also inform each of these Volunteers that he must notify either to yourself or to your nearest Out-station Serjeant, whose address you will give him, any change in his residence, that he may always be found when required; and that as persons will from time to time be appointed to visit his residence, any default in this respect will readily be detected, and lead to the suspension of his allowance.

11. When Soldiers, on being discharged from their Regiment or Depôt, express an intention of entering the Force, a note will be made to that effect on their parchment certificate by the Officer commanding, which they will present to you on joining the District, and which will be your authority for having them medically inspected and enrolled in manner as herein directed for others who may now be in your District.

12. You will use your best endeavours to make the conditions and advantages of this Warrant extensively known over your District through the medium of the Pensioners, in the hope that a useful Reserve Force may thus be obtained for Her Majesty's Service.

I have the honor to be, Sir,

Your most obedient Servant,

JOHN ROBERT GODLEY.

The Staff Officer of Pensioners,
— District.

CIRCULAR, No. 524.

SIR,

War Office, 31st December, 1859.

WITH reference to Her Majesty's Warrant for the Establishment of Chaplains of the Army, dated 16th November, 1859, No. 503 A, I am directed by the Secretary of State for War to inform you that the provision made therein of an allowance in lieu of Lodgings, Fuel and Light applies to Home Stations only, and that all Officers of the Chaplains' Department serving abroad are to draw the usual local allowances of their relative rank like other Staff Officers of the Garrison to which they are attached.

CIRCULAR, No. 525. (BARRACKS.)

MEMORANDUM FOR COMMANDING ROYAL ENGINEERS AT HOME STATIONS.

War Office, 4th January, 1860.

REFERRING to Circular No. 312 (10th September, 1858), wherein the principle was laid down of allowing to each man in his Barrack Room a minimum space of 600 cubic feet,

The Secretary of State for War, with a view to a general revision of the accommodation in existing Barracks in accordance with the above principle, requests that the accompanying statement may be filled up, care being taken that the Return of the Barrack Construction may in all respects agree with the Barrack Master's Monthly Returns.

It has been decided that in all rooms which would contain more than ten men with a cubical space of 600 feet per man, one additional man shall be allotted, as it is considered that on an average there will always be one man at least absent by guards furloughs or in hospital, &c.

B. HAWES.

General No. 2,

1908.

CIRCULAR, No. 526.

War Office, 7th January, 1860.

IN consequence of its having been found necessary in bringing into operation the system laid down in Circular 411, to make sundry alterations therein, that Circular and Circular 488 are hereby cancelled, and in all future lump sum contracts, the following instructions are to be attended to:—

CONTRACTS FOR WORKS AND BUILDINGS.

WITH the view of facilitating the obtaining of lump sum contracts for works and repairs, and of simplifying the form of contract, the bond will be dispensed with, and the War Department will participate in the appointment of surveyors, in a mode similar to that adopted in private practice.

Form of Tender and Contract.

2. The form given at the close of this Circular will be the customary form of Tender and when accepted will at once become the Contract. (App. No. 1.)

CIRCULAR, No. 526—continued.

3. In issuing forms of tender for any particular contract it is essential that all necessary particulars be filled up. These particulars are—

The name and position of the works.

The date of notice.

The name of the Chief Officer by whom the specification and drawings are signed, date of the signature, and number of drawings.

The time for completion, paragraph 5 of schedule.

The amount of penalty for delay, in words, paragraph 6.

The terms of payment, paragraph 19.

Only one form of tender need be given to each candidate, as a copy of the tender will be furnished by the Director of Contracts to the successful competitor.

Fines.

4. The fine for delay should not exceed that which may readily be levied. It should vary according to the amount of the contract, and inversely as the time of execution, the fine being proportionably greater when works of like amount have to be performed in less time. It will be a safe rule if a delay equal to the time allowed would involve a forfeiture of 12 per cent. of the amount. Thus, if the time is one month, the fine should be about 8s. per 100l. on the estimated cost of the work for every day's delay.

If $1\frac{1}{2}$ months	s.	d.	per cent.
2	4	0	"
3	2	8	"
4	2	0	"
5	1	7	"
6	1	4	"
7	1	2	"
8	1	0	"
9	0	11	"

If 10 months	s.	d.	per cent.
12	0	8	"
15	0	6 $\frac{1}{2}$	"
18	0	5 $\frac{1}{2}$	"
21	0	5	"
24	0	4	"
30	0	3	"
36	0	2	"

By the above rule, a Contractor for a Work estimated at 3,400l. to be executed in 9 months would be fined about 30s. per day.

Time allowed.

5. As in many cases the War Department has to pay larger prices for Works, in consequence of the short period allowed for their completion, Commanding Engineers are requested, in fixing this period, to give as long a time as circumstances will permit.

6. The Commanding Engineer will satisfy himself that the progress made by the Contractor is such as to lead him to suppose that the Work will be finished within the time allowed; and if he should think it necessary, he will remind the Contractor of the fine to which he will be subject by the terms of his contract, if the work be not so completed; and that the rule of the Department is, that each fine is strictly enforced, all remissions being unjust to the rejected candidates for the same Contract.

Terms of Payment.

7. With reference to the terms of payment, Clause 19 of the Schedule, it is considered that the larger and the more frequent the payments on account of a Contract are made, the greater will be the facility with which the Contractor can execute his Work, and the lower will be the terms he can offer to perform it at. The reserve in the hands of the War Department need never exceed 25 per cent. of the work executed, and the following scale may be adopted in fixing the reserved sum:—

For a service amounting to	£	per cent. of the amount
100,000 or upwards	5	per cent. of the amount
" " 75,000	4,500	
" " 50,000	3,500	
" " 25,000	2,500	
" " 15,000	2,000	
" " 10,000	1,500	
" " 5,000	750	
" " 2,500	500	
" " 1,500	250	
" " 1,000 or under	20	per cent. of the amount.

Taking out Quantities.

8. A Surveyor will be appointed to take out quantities on behalf of the War Department, in each Engineer district or group of districts.

CIRCULAR, No. 526—continued.

Works less than 5,000l.

9. In Works of a less estimated value than 5,000l. the Government Surveyor will alone prepare the bills of quantities; he will furnish to the Commanding Engineer two copies for his own use, one copy for each of the candidates, and a copy of the dimensions and drawings for the successful competitor. He will deposit a copy of the dimensions for reference in the office of the Inspector-General of Fortifications.

The specification need not be printed until after the quantities have been taken out, so that any good suggestions of the Surveyors, not involving much expense, may be adopted. They are to be printed or lithographed (whichever may be most economical) at the station. Ten copies will generally be sufficient, of which two are to be sent to the Inspector-General of Fortifications, two are to be given to the Contractor, and the remainder retained by the Commanding Engineer.

The cost of printing the specification will be charged to the sum voted for the Work.

10. The Department will in these cases be responsible for the accuracy of the quantities, and the Surveyor will be responsible for them to the War Department, by which his charges will be defrayed.

11. The Surveyor's charge will be at the rate of $1\frac{1}{2}$ per cent. on the amount of the accepted tender, and the Commanding Engineer will certify a claim in favour of the Surveyor, on the acceptance of a tender being communicated to him. Should no tender be accepted, only $1\frac{1}{2}$ per cent. will be allowed to the Surveyor, calculated on the amount of the lowest tender sent in—or if there be none, on the amount of the estimate.

The Commanding Engineer will, as soon as he is himself informed, acquaint the Surveyor with the acceptance of the tender and its amount, and in the other cases of the amount of the lowest tender or of the estimate.

Large Works.

12. When a work is of an estimated value of £5,000, or upwards, the same Surveyor will be employed by the War Department, but he will be associated with a second, to be named by the candidates for a contract.

13. The two Surveyors will jointly guarantee the correctness of the quantities, and the War Department will not in any way be responsible for their accuracy.

14. The charges to be made by both Surveyors together will not exceed

s.	£	s.	£
30 per cent. under ...	10,000	20 per cent. under ...	75,000
28 " " ...	20,000	19 " " ...	100,000
26 " " ...	30,000	18 " " ...	125,000
24 " " ...	40,000	17 " " ...	150,000
22 " " ...	50,000	15 " above ...	150,000

The charge will be made on the amount of the accepted tender, and one quarter per cent. less will be paid in each case, if no tender be accepted, calculated on the lowest tender sent in. The charge, as well as the travelling and personal expenses of the Surveyors and their clerks, will be paid by the Contractor on the receipt of his first payment under the contract.

The Commanding Engineer will furnish the necessary information to the Contractor, as to acceptance of tenders, &c., as directed in paragraph 11.

15. These rates may be susceptible of certain modifications when the quantities be in very large masses, or where there are frequent repetitions of the same dimensions, in which cases, though the responsibility remains the same, the labour is much diminished. Such reduction must, however, be assented to beforehand by the War Department Surveyor.

Travelling Expenses of Surveyors.

16. The Surveyors and their Clerks will be allowed the actual cost of their conveyance to and from their places of business to the station where the quantities are to be taken out, and a reasonable personal allowance during their necessary detention at such station. The Surveyors will each be allowed 3l. 8s. per diem, for time lost in travelling, when the journey exceeds half a day.

Contractor's Surveyor bound by same Terms.

17. As the Surveyor appointed by the contractors will be bound by the same terms, they must be clearly stated to the candidates, who will elect their Surveyor upon these conditions, which will form part of the notice.

CIRCULAR, No. 526—continued.

Payment on obtaining the Quantities.

18. When a competition is public, persons may attend a meeting for the sole purpose of voting for a Surveyor, or of obtaining the quantities out of mere curiosity; one of the conditions of voting for a Surveyor, or of obtaining the quantities, will therefore be a payment, which should be half-a-guinea for a work of 5,000Z. or under; one guinea if under 10,000Z., and half-a-guinea for each additional 5,000Z., but it need never exceed 10 guineas. This payment will not be returned, unless the work be abandoned. It will be received by the Commanding Engineer, who will retain it in his hands until he is informed of the decision on the tenders received.

If a tender be accepted, he will pay the amount into the hands of the local Accountant, forwarding his receipt to the Accountant General in London; and if all the tenders be rejected, he will repay the sums received to the respective Candidates.

19. When the competition is public the quantities may be issued to any applicant on payment of the above, even if prevented attending the meeting to choose a Surveyor.

20. No work shall be undertaken by limited competition except by the express authority of the Secretary of State for War. When a Commanding Engineer considers it desirable that such limited competition should be resorted to, he will represent the circumstances to the Inspector General of Fortifications, submitting a list of the firms which he proposes to invite to tender, in order that, if the Secretary of State approves of this course being taken, he may add any other names he may think proper. A copy of the letter to the firms concerned must be transmitted to the Inspector General of Fortifications for the Director of Contracts. No payment will be required for the bills of quantities in a limited competition.

Advertisement.

21. The advertisements for a public competition will state the place, day and hour of meeting for the choice of a Surveyor, and the payment to be made by each candidate. When the quantities are furnished by the Government Surveyor alone, it will be merely necessary to refer candidates to the Royal Engineer Office for information. The forms of advertisement given in Appendices 4 and 5 will generally be sufficient. The expense of advertising is to be charged to the vote for the work.

Notice to Candidates.

22. All the foregoing preliminary conditions should be clearly stated in a "Notice to Candidates," W. O. Forms 1520 and 1520A. They will have to be carefully filled up, modified and printed to meet particular cases. It may be convenient, in limited competitions, for the competitors to appoint a Surveyor by letter, and when this is to be permitted it should be so stated in the notice. The notices must be signed and dated by the Commanding Engineer, and the name and date entered as before directed in the tender.

Firing Date for delivering Tenders.

23. In determining the day for the receipt of tenders, it is desirable that sufficient time should be given to permit of candidates who may reside at a distance visiting the ground and obtaining such information as they may require to enable them to frame their estimates. The Commanding Engineer will, four days before the day fixed, notify it to the Director of Contracts, quoting in his letter (W. O. Form, 1520A.) the authority under which the work is to be performed, the amount of the estimate, and forwarding at the same time three copies of the form of tender. As it has been found that when estimates are merely approximate they are not a sufficient security against accepting tenders of amounts disproportionate to the real value of the works, Commanding Engineers will, in all cases in which they have been proceeding upon an approximate estimate, price out the quantities as soon as they are received from the Surveyor, at the triennial contract rates, and inform the Director of Contracts of the result.

List of Competency.

24. The list of competency will at the same time be sent to the Director of Contracts, and in all cases where a Commanding Engineer reports a candidate for a contract as incompetent, the grounds upon which he forms that opinion are to be stated.

25. The practice which sometimes prevails of giving, "not known at the station," in place of an opinion of competency, is forbidden. It is always allowable for a Commanding Engineer, in issuing a form of tender, to request at the same time that a contractor should furnish testimonials of his ability to execute works of the required amount from former employers, and the Commanding Engineer may state whether he

CIRCULAR, No. 526—continued.

has called for such information in vain, whether the results are unsatisfactory, or he may forward the papers if he be in any doubt.

26. The Director of Contracts will notify the acceptance or rejection of contract direct to the Commanding Engineer.

Commencement of Works.

27. The Commanding Engineer cannot be too careful before he gives to the Contractor an order for the commencement of any work, to see that nothing remains to be done on the part of the Department to enable the Contractor to commence, for if the Department be the cause of any delay in the first instance, it may be difficult to enforce fines for delay in non-completion of the works.

Caution against Alteration of Terms.

28. It is also desirable to bear in mind, that though most of the special conditions of a contract are often fixed by a Commanding Engineer, the contract once accepted between the Secretary of State and the Contractor; the Commanding Engineer has merely to see to its faithful execution on both sides; he is, therefore, not at liberty to grant an extension of time, remit a fine for delay, or in any other way alter the conditions of the contract; without the consent of both parties to it, one of whom, as has been pointed out, is the Secretary of State.

Surveyors.

29. Commanding Engineers will always have the assistance and advice of the Government Surveyor, with whom they communicate direct. It is not, however, compulsory on Commanding Engineers to employ them in cases where the quantities to be taken out are too few to render such assistance necessary. The Surveyors authorized to be employed on behalf of the War Department, until further orders, are the following:—

Particular Application.

31. In every instance of a contract for works, buildings or building materials, whether formed upon the old or new model, or upon any modification of either which may be determined upon, the Commanding Engineer will, in accordance with par. 4 of the "Outline of Plan" accompanying Circular 158, obtain the approval of the Comptroller of Army Expenditure to the terms and conditions, before the Tenders are advertised for by the latter Officer, who will transmit a copy of them, with his report of the transaction, to the Secretary of State for War.

SCHEDULE.

Terms of Contract.

1. This Contract is to include all labour, materials and transport which may be required for and in the construction of the Works shown in the specification and drawings, and the use of all scaffolding, tackle, centering, machinery, tools and other appliances for the workmen, together with the carriage thereof to the spot where they are required to be used, and their subsequent removal; also all necessary tarpaulins or other proper coverings for the buildings whilst in progress.

2. The work is to be executed with materials of the best quality, in the most substantial and workmanlike manner, under the inspection and to the entire satisfaction of the Commanding Royal Engineer, who shall appoint from time to time an Officer of Engineers, Clerk of Works or Foreman of Works, as Superintending Officer to visit, inspect and superintend the Works.

3. The drawings are to be equally binding with the specification, and the Contractor shall conform minutely to the specification and drawings, and to any working drawings on an enlarged scale, which the Superintending Officer may think it necessary to provide during the progress of the work for explanation or illustration thereof to the Contractor. Should any work or articles have been omitted to be defined in the specification which would be obviously intended by the drawings and necessary to complete the Works, the same is to be performed according to the direction of the Superintending

CIRCULAR, No. 526—continued.

Officer without any additional payment. Should any difference exist between the drawings and specification, or should there be any discrepancy in the figures, scales or other respects, the decision of the Commanding Royal Engineer shall be conclusive.

4. The Principal Secretary of State reserves to himself the right of deviating from the drawings and specification, either by adding to or diminishing therefrom, without vitiating the Contract, the value of such additions or alterations to be ascertained by measurement, and added to or deducted from the amount of the Contract at the prices mentioned in the Tender; but no such deviation will be admitted by the said Principal Secretary of State unless supported by the written order of the Commanding Royal Engineer. Should the amount of additional work be such as fairly to entitle the Contractor to an extension of time, the circumstances will be taken into consideration by the Secretary of State for War, whose decision upon the case shall be final. For all Works required to be executed by daywork the Contractor shall deliver on the morning of Tuesday in each week two full detailed accounts of labour and materials. One of these accounts, if found correct, will be certified by the Superintending Officer, and must be produced at the adjustment of the account, or the claim will be disallowed.

5. The whole of the Works are to be completed within — from the date of the order to commence them, and the Contractor shall commence the Works within seven days after the said order is given, or of possession of the site being given him, as may last happen, and shall proceed therein with such expedition as shall be satisfactory to the Commanding Royal Engineer, and as may be considered by him fair and reasonable, in order that the Work may proceed in regular progression, and as the seasons of the year will admit, so that the whole may be finished within the time fixed.

6. Time shall be considered as the essence of this Contract, and should the Contractor fail to commence and to proceed with due diligence at the time and in manner hereinbefore agreed, the said Principal Secretary may, if he think fit, direct the Contractor to suspend all further proceedings, and make a Contract or Contracts with any other Contractor or Contractors, and charge all excess of price to the Contractor. In the event of the Contractor not completing the Work within the time specified, and his still being permitted to complete his Contract, he will, under any circumstances, be charged with a sum of — for each day between the day fixed for completion and the date of actual completion. Such excess of price or fines to be debited in account against the Contractor, or recovered by way of liquidated damages under this Contract.

7. No foundation shall be laid until the excavation has been examined by the Superintending Officer, who will give directions to the Contractor to proceed.

8. The Contractor shall give due notice to the Superintending Officer whenever any work or materials are intended to be covered in with earth or otherwise, in order that their correct dimensions may be ascertained before being covered, and in default of such notice being received the work or materials shall be uncovered at the Contractor's expense.

9. The Contractor is to suspend the execution of the Works whenever called upon by the Superintending Officer to do so, on account of inclement weather or other causes, and the Secretary of State for War shall be the sole judge of what extension of time shall be allowed on account of such suspension.

10. The Superintending Officer may at any time forbid any arrangements for under-letting any portion of the work under this Contract, and neither the Contractor nor Sub-contractor will receive any payment under this Contract for work so done after such order.

11. The Commanding Royal Engineer or Superintending Officer may at all times inspect the Works in progress, whether on the premises of the said Secretary of State for War or those of the Contractor, and test the strength of any materials by mechanical, chemical or any other means, as he shall think necessary; and should he at any time consider any portion of them objectionable, or if it shall appear to such Officer, at any time during the construction or prior to the final payment on account of the Works, that any part thereof has been executed with unsound or imperfect materials (notwithstanding any previous test thereof), or unskillful or imperfect workmanship, the Contractor shall cause the objectionable materials to be instantly removed off the premises, and to be replaced by good and suitable materials, and shall rectify or reconstruct the Works in whole or in part, as the case may be, at his own proper cost and charge; and in the event of his refusing to do so within a period to be specified in writing by the Superintending Officer, then such Officer is to be at liberty forthwith to employ other tradesmen to perform the work, and to cause materials to be purchased, and any excess

CIRCULAR, No. 528 - continued.

of expense thereby incurred is to be defrayed by the Contractor, and to be deducted summarily from any sums due or to become due to him from the said Principal Secretary of State, and the Contract may be declared broken.

12. The Contractor, or an agent empowered to act for him, must be constantly on the Works to receive the orders and directions of the Superintending Officer, and he shall furnish such Officer, by nine o'clock every morning, with a distribution Return of the number and description of Artificers and Labourers employed on the Works.

13. If the Contractor or his workmen, while engaged in the execution of the Contract, shall break, deface, injure or destroy any part of the Works belonging to the said Secretary of State for War, or to private buildings, roads or grounds contiguous to the premises of the said Secretary of State for War, on which he or they are employed, the Contractor shall cause the same to be made good, in a perfect and workmanlike manner, at his own expense, and in default thereof the Superintending Officer shall cause it to be done by some other tradesman, the amount thereof being deducted summarily from any moneys due or to become due to him from the said Principal Secretary of State, or recovered by action or actions against the Contractor.

14. The Contractor shall at his own expense remove off the premises of the said Principal Secretary any rubbish that may have arisen from the execution of the Works, and shall, at the like expense clear off nails, remove into store and stack away all old materials remaining after the execution of the Contract, which old materials are hereby declared to be the property of the said Principal Secretary.

15. The Works, until delivered up to the Commanding Royal Engineer, shall stand at the risk of the Contractor, who shall be responsible for, and must make good, all damage by fire, weather or tempest, and for delivery up of the buildings and works to the Commanding Royal Engineer complete in every particular at the termination of this Contract.

16. The Contractor to provide all rods, marked with the different heights and widths of the several parts of the Works, and to be exclusively and in every respect answerable for the perfect correctness of every part thereof. He will also provide, without extra charge, assistance with everything necessary for weighing, measuring, proving or testing the strength of the materials, as may be directed from time to time by the Superintending Officer.

17. No member of the House of Commons shall be admitted to any share or part of this Contract or to any benefit to arise therefrom.

18. If any Contractor shall, directly or indirectly, by himself or any one acting on his behalf, give, lend or promise any money, fee, perquisite or reward (pecuniary or otherwise), to any person acting in any office or employment under the said Principal Secretary, on account of anything done or omitted to be done by him in or in any way relating to his office or employment, then the said Contractor shall forfeit and pay for every such offence the sum of £100, and this Contract shall thereupon become forfeited; and the said Principal Secretary shall be at liberty to sue at law for the recovery of the said sum of £100, and for damages for breach of contract.

19. The Secretary of State for War will cause payment to be made to the Contractor in the following manner, namely:—A payment to the extent of 75 per cent. of the work executed to be made at intervals of not less than one month, until a reserve accumulates in the hands of the War Department amounting to — pounds, after which the work executed to be paid for in full. The reserve to be retained until — months after the final completion of the Works, and when paid to the Contractor shall be received in entire satisfaction and discharge of all claims arising under this Contract.

20. Payment will be made to the Contractor only by bills of exchange to be drawn upon Her Majesty's Paymaster General at seven days' sight, which bills, however, must not be drawn until advice shall have been dispatched from the Office of the Accountant General of the War Department authorizing the same, and which authority will be dispatched within sixteen days from the receipt at that office of the certificate from the station at which the articles were delivered or the work performed, showing the receipt of such articles and the due performance of such work, according to the terms and conditions of the Contract, or within sixteen days after the removal of objections, if any, which may arise thereon.

21. In the event of any difference or controversy arising out of this Contract between the contracting parties thereto, the same shall not be allowed in any way whatever to interfere with or delay the execution of the Works as the same may be directed to be executed by the Commanding Royal Engineer; but such difference and controversy,

CIRCULAR, No. 526—continued.

and the payment of any money claimed by the Contractor for such work so directed to be done as aforesaid, shall be decided by two arbitrators, one appointed by the Secretary of State for War and one by the Contractor, the two being empowered to appoint an umpire, if necessary, whose decision shall be final.

22. The above clause not to extend to any difference of opinion as to the quality of work, upon which the judgment of the Commanding Royal Engineer must be considered final.

General No. 199.

Ammunition, Royal Artillery—1 (1859).

Horse Guards, S. W., 24th December, 1859.

ROYAL ARTILLERY.

In consequence of the recent additions to, and alteration in, the allowance of gun ammunition for the annual practice and exercise of the Royal Artillery and Embodied Militia Artillery authorized by the Secretary of State for War, His Royal Highness the General Commanding in Chief, with the concurrence of Mr. Secretary Herbert, signified in a letter, dated War Office, the 21st December, 1859 (55—Artillery—1,034), is pleased to direct that all former orders on the subject be cancelled, and that General and other Commanding Officers be guided in the obtaining gun ammunition for annual practice and exercise and for field day purposes by the following Regulations:—

1. The annual allowances of ammunition for regimental practice and exercise are in future to be as follows:—

		No. of Rounds of Ammunition.	
		For Practice.	For Exercise.
Field Artillery	With Shot.....	180	Blank.
	With Shells {	Common 20	150 per gun.
		Diaphragm-Shrapnel.. 100	
	Total per Battery	300	
Garrison Artillery, per Battery		300	60 { When considered necessary by the Commanding Officer of Artillery.
Embodied Militia Artillery, per Company		250	60 {

2. At Stations which afford facilities for practice with mortars, 50 rounds of the practice ammunition of each Battery of Garrison Artillery or Company of Embodied Militia Artillery are to be so appropriated; where no such facilities exist, the full number of rounds is to be fired from guns; in either case, practice from guns is to be one-half with shot and the other with shells.

3. The ammunition for the practice and exercise of Garrison Batteries and Embodied Militia Artillery is to be demanded by Commanding Officers of Artillery according to the natures of ordnance mounted and the facilities for practice afforded at each Station.

4. The Commandant of the Garrison of Woolwich and the Commandant of the School of Gunnery at Shoeburyness may, at their discretion, allow practice to be carried on in excess of the number of rounds laid down in No. 1.

5. For each Recruit, when dismissed from gun drill, there will be allowed in the Royal Artillery and Embodied Militia Artillery one round with solid shot, and six rounds with saluting charge, to be fired from heavy guns by Garrison and Militia Artillery, and from field guns by Field Artillery.

6. It is to be understood that the allowance of Ammunition for exercise granted under No. 1 is for *regimental* instruction, and is not to be made use of on occasions when Artillery are required to act with other Troops.

7. Gun ammunition for exercise will be issued at the discretion of General Officers commanding on occasions on which they may order the Artillery to act with other Troops at Reviews, Field Days, &c. This ammunition to be obtained on requisitions of Commanding Officers of Artillery: *if at home*, to be sent, through General Officers commanding, to this Department; and *if abroad*, the General commanding to authorize the issue of the quantities required.

8. It being desirable that, if possible, the number of rounds of blank gun ammunition to be expended annually by the Artillery at each Garrison, Camp or Station on occasions alluded to in the preceding paragraph should be fixed according to the frequency or otherwise of the Reviews and Camp or Garrison Field Days, &c., General

and other Officers in command will furnish to this office Returns, showing the number of rounds for each gun of the different natures of ordnance expended at such Reviews, Field Days, &c. during the past season.

War Office, 17th February, 1860.

THE QUEEN having been graciously pleased by a Warrant under her Royal Sign Manual, bearing date the 13th of December, 1858, to declare that Non-military Persons who as Volunteers have borne arms against the Mutineers, both at Lucknow and elsewhere, during the late operations in India, shall be considered as eligible to receive the Decoration of "The Victoria Cross," subject to the rules and ordinances already made and ordained for the government thereof, provided that it be established in any case that the person was serving under the orders of a General or other Officer in command of Troops in the Field when he performed the Act of Bravery for which it is proposed to confer the Decoration,—Her Majesty has accordingly been pleased to signify her intention to confer this high distinction on the under-mentioned Gentleman, whose claim to the same has been submitted for Her Majesty's approval, on account of an Act of Bravery performed by him in India, as recorded against his name, viz. :—

Of the Bengal Civil Service, Magistrate of Sarun.—**MR. WILLIAM FRASER M'DONELL.**—

Date of act of bravery, 30th July, 1857.—For great coolness and bravery on the 30th of July, 1857, during the retreat of the British Troops from Arrah, in having climbed, under an incessant fire, outside the boat, in which he and several Soldiers were, up to the rudder, and with considerable difficulty cut through the lashing which secured it to the side of the boat. On the lashing being cut the boat obeyed the helm, and thus thirty-five European Soldiers escaped certain death.

HER MAJESTY has also been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officers and Private Soldier, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them in India, as recorded against their several names, viz. :—

56th Bengal Native Infantry.—**Captain WILLIAM MARTIN CAPE.**—Date of act of bravery, 15th April, 1858.—For bearing away under a heavy fire, with the assistance of Privates Thompson, Crowie, Spence and Cook, the body of Lieutenant Willoughby, lying near the ditch of the Fort of Ruhya, and for running to the rescue of Private Spence, who had been severely wounded in the attempt.

1st European Bengal Fusiliers.—**Lieutenant FRANCIS DAVID MILLETT BROWN.**—Date of act of bravery, 16th November, 1857.—For great gallantry at Narrioul, on the 16th November, 1857, in having, at the imminent risk of his own life, rushed to the assistance of a wounded soldier of the 1st European Bengal Fusiliers, whom he carried off under a very heavy fire from the enemy, whose cavalry were within forty or fifty yards of him at the time.

10th Regiment (1st Battalion), No. 2134.—**Private DENIS DEMPSEY.**—Dates of acts of bravery, 12th August, 1857, and 14th March, 1858.—For having, at Lucknow, on the 14th March, 1858, carried a powder bag through a burning village with great coolness and gallantry, for the purpose of mining a passage in rear of the enemy's position. This he did, exposed to a very heavy fire from the enemy behind loop-holed walls, and to an almost still greater danger from the sparks which flew in every direction from the blazing houses. Also, for having been the first man who entered the village of Jugdispore on the 12th August, 1857, under a most galling fire. Private Dempsey was likewise one of those who helped to carry Ensign Ers-
kine, of the 10th Regiment, in the retreat from Arrah, in July, 1857.

SIR,

War Office, 31st December, 1859.

I AM directed to inform you that the Secretary of State for War has appointed Captain Douglas Galton, Royal Engineers, to be an Assistant Inspector General of Fortifications.

I have the honor to be, Sir,
Your obedient Servant,

B. HAWES.

CIRCULAR, No. 531 A.

VICTORIA, R.

WHEREAS by a Warrant under our Royal Sign Manual, bearing date the 18th day of April, 1854, in the seventeenth year of our reign, we declared our will and pleasure to be that, with the view of rewarding meritorious conduct and of encouraging good conduct in others while serving, the Commanding Officer of every Regiment in our service might annually recommend such individuals while serving as he should consider best entitled, by their coming within the conditions therein prescribed, to a gratuity when discharged, subject to certain limitations as to the amount to be annually awarded in each regiment, and that soldiers to whom such gratuity might be awarded should be entitled to wear a silver medal, having on one side the words “ for long service and good conduct,” and on the other side the Royal Arms, with the name and rank of the soldier :

And whereas it has been represented to us that it is expedient to extend the grant of such medals, without gratuities, to such soldiers as have fulfilled the conditions of our said recited Warrant, but who are precluded from becoming recipients of the medal with a gratuity in consequence of the aggregate amount to be annually awarded being already appropriated : We do hereby declare our will and pleasure to be, that the aforesaid medals, without gratuities, in addition to those already authorized by our Royal Warrant aforesaid with gratuities, shall be granted to such soldiers, whether Serjeants, Corporals or Privates, as may be selected for them, on the same conditions as regards the qualifications of the persons to be recommended, in the following proportion in each year, viz.—

To each Cavalry Regiment and Battalion of the Military Train—Two.
To each Brigade of Royal Artillery—Three.
To every 900 men of the Royal Engineers—Three.
To each Infantry Regiment or Battalion—Three.

Non-commissioned Officers and men, who may be qualified before discharge, shall be eligible to receive medals without gratuity, if recommended by their former Commanding Officers within three years after their discharge.

Non-commissioned Officers on the permanent staff of the Militia who were eligible previously to their discharge from the Army for the medal with gratuity shall also be eligible to receive medals without gratuities, and no limit shall be placed on the grant as regards the date of discharge from the Army in the case of men so serving. Their names are to be submitted by the Officer commanding the Militia Regiment to which they may belong, who will prove their qualification by transmitting with the recommendation a statement of their Army services, exemption from trial by Court Martial, &c., according to the prescribed form, and certified by their former Commanding Officer.

The General Commanding in Chief will notify from time to time to our Principal Secretary of State for War the names of all those persons, including Non-Commissioned Officers on the permanent Staff of the Militia to whom medals without gratuities shall be awarded in pursuance of this our warrant, such notification to be made simultaneously with that directed to be made by our aforesaid Warrant of the 13th day of April, 1854, with regard to medals granted with gratuities, in order that a record of the same may be preserved in the Office of our said Principal Secretary of State for War.

Given at our Court at Windsor, this 16th day of January, 1860, in the twenty-third year of our reign.

By Her Majesty's Command.

INSTANCES having occurred of late in which Officers proceeding from one Foreign Station to another have met with considerable detention at intermediate ports, by which the public, as well as the individuals, have been put to much expense and inconvenience, I am directed by Mr. Secretary Herbert to desire that in all cases where Officers ordered from one Station to another cannot be provided with a direct passage, care may be taken not to send them on, or allow them to take passage to an intermediate port, until every precaution which circumstances or the nature of the service will admit shall have been used to guard against their detention at such intermediate port or ports being unnecessarily prolonged.

QUESTIONS having arisen in reference to Article 48 of the Army School Regulations as to whether a trained Schoolmistress, or an untrained Schoolmistress rated as a trained one, who is the wife of a Non-commissioned Officer, is entitled to a separate room in Barracks, with fuel and light for the same, or to a commuted allowance in lieu thereof, it is hereby notified that all such Schoolmistresses are entitled to the same advantages as are granted to unmarried trained Schoolmistresses by War Office Circular 51, 19 Feb., 1857; provided that their husbands are not entitled to a separate room with fuel and light, or to an allowance in lieu thereof, in virtue of some Staff appointment.

Should, however, the commuted allowance of which the husband may be in receipt be less than that to which his wife as Schoolmistress may be entitled, the difference may be allowed to her.

As it has been represented to the Secretary of State for War that some misapprehension exists as to the effect of the provisions of Clause 14 of the Royal Warrant of 1st July, 1848, with respect to the expense of Soldiers' funerals, I am directed by Mr. Secretary Herbert to inform you that when the local charges at any place necessarily cause an excess over the amount (1*l.* 15*s.*) authorized by that clause to be charged against the Soldiers' effects, or the Officer commanding the Troop or Company, a special representation is to be submitted by the Officer in command for the consideration of the Secretary of State for War, with a view to authority being given for such extra expense being charged against the public.

War Office, 20th January, 1860.

THE existing arrangements for lacquering and anti-corrosioning Ordnance, Shot and Shell, &c. in charge of the Royal Artillery having been under consideration, Mr. Secretary Herbert has decided, with the concurrence of His Royal Highness the General Commanding in Chief, that for the future this duty shall be performed by the Royal Artillery themselves, in addition to the service of painting and repairing the Gun Carriages.

The work, as far as possible, should be performed by the Artificers of the Garrison Batteries, assisted by competent Gunners, and the work superintended by an intelligent Non-commissioned Officer. Working pay will be allowed, according to the Queen's Regulations, page 267, to the Non-commissioned Officers, Artificers of Garrison Batteries and Gunners employed in this service.

The Pay Lists will be drawn up and certified as prescribed by Horse Guards' Circular of 11th August, 1859 (Working Pay—1 (1859)), and War Office Circular, No. 475.

The Estimates for the work, both for labour and materials, will be transmitted to the Military Storekeepers as heretofore.

The rules regarding the painting and lacquering, &c. of Guns, Carriages, Shot and Shell in charge of the Military Storekeepers will remain as at present prescribed in the Home Regulations (Ordnance) of 1855.

Except under very peculiar circumstances, which should be reported, the Royal Engineering Department will cease to perform this duty.

CIRCULAR, No. 539.

War Office, 25th January, 1860.

THE Secretary of State for War having had under consideration the Circular No. 143, 23rd September, 1857 (Bathurst, 6—25), relative to Military Store Officers serving on the West Coast of Africa, hereby directs the same to be cancelled, and the following rules to be substituted for those contained therein:—

1st. All Military Store Officers volunteering and being appointed for this service shall be allowed to draw double the ordinary pay of their respective ranks during their stay on the Coast, in lieu of the pay fixed for this service by Schedules A. and B. of the Royal Warrant of the 28th February, 1857.

2nd. An Officer shall not be required to serve there for a longer period than two years from the date of arrival to the date of departure.

3rd. Such two years' service on the Coast of Africa shall be allowed to reckon for increased pay and superannuation as three years of an ordinary service, and if an Officer should be permitted at his own wish to prolong his stay on the Coast, his service shall be allowed to count in proportion.

4th. An Officer shall be entitled either to a tour of Home Service on his return after two years' duty on the Coast, or to six months' leave of absence for each two years he shall have served there.

Senior Military Store Officers will make known these regulations to the Officers under them, and forward without delay to this Office the names of any Volunteers for African Service on the above-named conditions.

CIRCULAR, No. 540.

War Office, 25th January, 1860.

THE Secretary of State for War has had under his consideration Art. 688 of the Ordnance Regulations, which directs that Officers of the Ordnance Department shall, when in occupation of houses the property of that Department, perform at their own expense repairs of a certain specified class to those houses.

Mr. Secretary Herbert has decided that this rule shall be made to apply to all Officers and persons, military and civil, to whom houses or quarters may be so specially allotted, as to render them not liable to be dispossessed of those quarters by superior Officers of other branches of the Service.

All quarters, other than ordinary regimental quarters, will therefore now be brought under the operation of this regulation.

It has been ascertained that Art. 688, above referred to, has at some Stations been strictly enforced, at others partially enforced, and at some allowed to become obsolete.

Mr. Secretary Herbert does not desire that the new regulation now laid down shall be retrospective in its operation, and he therefore directs that it be applied only as follows:—

Military Officers:—

1. In cases of appointment from this date to offices entitling the holder to a special quarter.
2. In the case of Officers now holding appointments entitling to special quarters, this rule will apply only on their being promoted to higher offices entitling to other quarters, and not on transfer from one Station to another on the same rank.

Civil Officers:—

1. In cases where it is now paid under Art. 688.
2. In case of appointment to an office entitling to a quarter where Art. 688 is at present enforced.
3. In cases of new appointments.
4. In cases of promotions from this date.

For the information of Officers concerned, Art. 688, slightly altered in form, is here recapitulated:—

"The repairs to be performed by tenants or occupiers of houses or quarters are to comprise the making good all broken glass, from whatever cause the breakage may arise, the renewal of sash-lines, locks and other fastenings, keeping the bells, grates, ovens, stoves, jacks, water-closets, drains, privies, gutters and cesspools in repair, as well as all internal fittings and pumps, and the fences or walls by which the premises may be surrounded. The tenants will also be required, if a garden be attached to the premises, to keep it in order, and if gravel be required to provide it; to keep the house in a proper state of cleanliness as respects the painting, and to make good any wilful damage to the premises. No alterations of any kind must be made without the *Secretary of State's* permission."

CIRCULAR, No. 541.

War Office, 26th January, 1860.

MR. SECRETARY HERBERT having had under consideration the subject of storing gunpowder, desires that attention may be directed to the marks upon the heads of the barrels of powder.

These marks, as shown in the annexed example, denote—

1. The makers of the powder, as "Curtis and Harvey."
2. The quality and description of the powder contained in the barrel, as 100 lbs L. G., or Large Grain.
3. The date when the powder was stoved.
4. The number of the lot of which each barrel is a part.
5. The tare of the barrel, Tr. 22½.

All gunpowder is received at Purfleet from the Government and private manufactories in lots of 100 barrels.

The lots of each manufacturer are numbered consecutively, and every barrel of a lot bears the same number. The stove dates upon the barrels will vary in every lot, and need not be noticed.

Powder sent from Purfleet will therefore consist, whenever practicable, of complete lots of the same maker.

Upon receiving powder, Military Store Officers will therefore look to the distinguishing marks, showing the maker's name and the number of the lots, and arrange it in the magazines accordingly, carefully keeping the powder of each lot together.

Issues of powder for service should also, as far as possible, be by the same maker and from the same lot.

This method of storing powder in lots is most desirable, as on its first receipt it is proved in lots at Purfleet (on 10 barrels of each lot), and should be so proved again, in accordance with the regulations for the proof of powder, and thus enable a comparison to be made with the original proof.

VICTORIA R.

1. WHEREAS we have judged it expedient to improve the position of the District Paymasters of our Army: Our will and pleasure is, that on and after the 1st day of January, 1860, such Paymasters, who are in future to be selected from Regimental or Depot Battalion Paymasters, shall be allowed 2s. 6d. a day in addition to the several rates of pay prescribed for length of service in our Royal Warrant of 2nd December, 1857.

2. It is also our will and pleasure that the rank of all the Paymasters of our Army shall be as follows:—

On Appointment as Paymaster	Relative rank of Captain.
After five years' service as Paymaster	Honorary rank of Captain.
After fifteen years' Full Pay service as a Commissioned Officer, with not less than ten years as Paymaster	Honorary rank of Major, but junior of that rank.

3. Such relative or honorary rank shall carry with it all precedence and advantages attaching to the rank with which it corresponds (except as regards the Presidency of Courts Martial, Courts of Inquiry and Boards of Survey, where the Senior Combatant Officer shall always be President), and shall regulate the choice of quarters, rates of lodging money, servants, fuel and light, or allowances in their stead; personal or detention allowance, prize money and field allowance; but when a Paymaster is serving with a Regiment or Battalion, the Officer Commanding, though he be junior in rank to such Paymaster, is entitled to a preference in choice of quarters.

4. As Forage Allowance is not applicable to Infantry Paymasters, it can only be granted specially to such Paymasters on proof of the necessities for employing a horse in the performance of public duty.

5. Paymasters shall be entitled to all the Allowances granted by our Warrant of the 13th July, 1857, on account of wounds and injuries received in action as Combatant Officers holding the same relative rank.

6. Their wives and families shall in like manner be entitled to all the Allowances granted by our Warrant of the 15th June, 1855, to the wives and families of Combatant Officers holding the same relative rank.

7. District Paymasters who shall become entitled to the highest rate of Half pay fixed by our Warrant of the 2nd December, 1857, and who may be considered by our Secretary of State for War to be deserving of special consideration, from having discharged their duties to the last in such a manner as to entitle them to the most favourable treatment, may in each case of retirement, as it occurs, be specially recommended to the Lords Commissioners of our Treasury for Half-pay at the rate of 17s. 6d. a day.

8. Every Paymaster, after completing the periods of service to which the rates of Half-pay of 13s. a day and upwards are attached in our Royal Warrant of 2nd December, 1857, may, on retiring from the Army, receive a step of honorary rank, provided his duties have been performed to the satisfaction of our Secretary of State for War; such step of rank is, however, not to carry with it any increased pecuniary advantages.

Given at our Court at St. James's, this 27th day of January, 1860, in the 23rd year of our reign.

SIR,

War Office, Pall Mall, 2nd February, 1860.

THE Secretary of State for War having, with the concurrence of His Royal Highness the General Commanding in Chief, decided on the discontinuance of the use of Wood Water Cans in Barracks so soon as the present stock is exhausted,—

I am directed by Mr. Secretary Herbert to inform you that, in accordance with the above decision, this article must not be again included in your demands; and I am to take this opportunity to state that one water pail and one tin can are considered quite sufficient for a room of twelve men.

HOME STATIONS.

War Office, 3rd February, 1860.

With reference to the Regulations quoted in the margin [*below**], requiring, whenever charges for Barrack Damages or Deficiencies are assessed against troops, that the amount thereof shall be *paid forthwith to the Barrack Master*, whether notice of appeal be given or not, the following instructions, with the view of facilitating the proper credit for the sums due to the public under this head, have been decided on, with the concurrence of His Royal Highness the General Commanding in Chief, and are notified for the information of Commanding Officers and for the future guidance of Paymasters and Barrack Masters at Home Stations.

Barrack Masters are to be relieved from the duty of recovering and accounting for the sums charged by them for Barrack Damages and Deficiencies, and in lieu thereof the Paymasters of the Corps or Battalions from which the sums assessed are to be recovered will credit the amount in their regimental accounts.

Paymasters will accordingly recover the amounts from *soldiers* in the same manner as other stoppages, and in the case of *Officers* will obtain from them the money due on this account. The entire amount so recovered should in all cases be credited in the accounts of the quarter in which the damages have been assessed. The necessary documents which shall constitute the Paymaster's authority for so doing shall be W. O. Forms Nos. 1387 and 1387A, as regards damages to Buildings, and W. O. Forms, Nos. 1388 and 1388A, as regards damages and deficiencies of Stores, signed by the Barrack Master and by the Commanding Officer, or such Officer as may be appointed by him; Barrack Masters sending simultaneously to the Accountant General, and also retaining in their offices counterparts of the documents furnished to the Paymaster.

It is to be observed that this mode of crediting the Public with the value of Barrack damages attributable to wilfulness or neglect on the part of the troops will not alter any regulation affecting their assessment by Barrack Masters or the appeals against them by Commanding Officers, and therefore, in order to meet the case of *remission of charges* in consequence of appeals, Paymasters will, upon receiving the necessary authority from the Secretary of State, refund to the troops the sums so remitted.

The charge for the sum remitted is to be supported by the authority and by a reference to the account in which the sum originally assessed has been credited, together with a Certificate from the Commanding Officer that the troops have been duly settled with for the same.

It will be necessary for Barrack Masters† to continue to employ Contractors or other tradesmen for the immediate repair of such damages or for extra washing as may be assessed against the troops, and on the completion of the work to forward their claims to the Accountant General for examination and allowance, and marking them conspicuously in red ink "Repairs for Damages assessed against the Troops as per Form No. 1387 or 1388 (as the case may be), dated —."

In addition to accounting for the charges for damages and deficiencies, Paymasters will also in future give credit, in a similar manner, for the payment for washing sheets required under Article 35 of the Barrack Warrant and referred to in War Office Circular, 456, the vouchers for the stoppages from the soldiers on this account being W. O. Form, No. 1392.

Barrack Masters will therefore hand one Form of their charges on this latter account to the Corps or Battalion concerned, forwarding to the Accountant General at the same time a counterpart thereof, and retaining a third copy in their own Offices. They will of course cease to receive or account for money on this account in future.

The sums inserted in the Paymaster's general state under these heads should be stated as for "Exchequer" debits or credits.

This Circular is to take effect from the 1st of April, 1860.

CIRCULAR, No. 545.

War Office, 8th February, 1860.

It having been brought under the notice of the Secretary of State for War that Circular 430 seems to take away from Commanding Engineers the latitude which previous orders gave them as to the application of the Incidental Item in the execution of small services which are not strictly repairs, the following instructions are circulated for general guidance; and the opportunity has been taken of making provision for the repair of glass not chargeable to the Troops or occupiers, and for explaining one or two other minor points connected with the Circular:—

1. The General Officer commanding at Foreign Stations has power to order new works, which are so urgently required that a reference to England is impossible under the Treasury Regulations of 10th January, 1850, and that power has been extended in a modified form to Home Stations by Circulars 309 and 403. It is not therefore necessary to vest in the Commanding Royal Engineer any powers for ordering new works required by the exigencies of the public service.

2. But there are certain trifling services, neither strictly repairs nor strictly new works, but which may be properly considered to come under the head of *maintenance*, and which it is for the advantage of the Service to have executed with as little delay as possible;—thus, a slight alteration in a drain, road, gate or any other part of a building or work, which will improve its efficiency, and render it more capable of fulfilling its object, and perhaps save in future repairs, may be ordered upon the Incidental Item.

The following conditions must, however, be observed:—

- a. The Incidental Item is in no case to be applied to provide unauthorized fittings for quarters, nor for painting, colouring or papering.
- b. The service must be demanded and estimated for in the mode prescribed for repairs in Circular 430, or inserted in a requisition by the Commanding Royal Engineer on inspection.
- c. It must not lead to any excess upon the amount authorized for the year.

3. Clause 12 of Circular 430 has been misunderstood at some Stations.

It is not necessary that the expenditure on each requisition should be shown in the abstract, but simply that the *total* sum charged in the bills should be given in column 5, opposite to the *total* of the various amounts estimated.

4. Mr. Secretary Herbert also considers it desirable that repairs to broken glass not chargeable to the Troops or occupiers should be demanded on a separate form of requisition (see Appendix).^{*} This form will therefore be adopted in future, and will be dealt with in every respect in the same manner as the requisitions for urgent or immediate repairs.

5. Though the wording of Circular 430 seems to limit it to work performed by contract, it is quite as applicable to Stations where day work is employed.

MR. SECRETARY HERBERT, with the concurrence of His Royal Highness the General Commanding in Chief, has decided that the Army shall be equipped exclusively with those Rifled Muskets, pattern 1853, the parts of which are universal or respectively *interchangeable*, and that the arms which are *non-interchangeable* shall be kept for the Militia, Volunteers and other Forces.

Military Storekeepers will therefore invariably distinguish the 1st and 2nd Classes of *Service* Rifled Muskets, pattern 1853, in their Store Accounts and periodical Returns in the following manner:—

Rifled Muskets, 1853.	{	1st Class New	...	{ Interchangeable.

The *interchangeable* Muskets made at Enfield are distinguished by the word "Enfield" engraved on the Lock Plate; and those made by the London Armoury Company on the same principle have "L. A. C." on the Lock Plate.

The classification of the "*Reserve*" Arms will continue to be observed as directed by Circular, No. 450, dated 3rd August, 1859.

No. 170.

5th January, 1848 (H. G. 262).

SEVERAL representations having been made to the Lieutenant General Commanding the Forces in Ireland relative to the inferior quality of Fuel and Candles supplied for the use of Troops, and the want of proper precaution on the part of Boards to which the same were submitted for survey; and the Lieutenant General having proposed to issue to General Officers commanding Districts a Circular relating to the constitution of Boards of Survey on the articles in question, in which the Commander-in-Chief and the Board of Ordnance have concurred—

The arrangements which have been decided upon are annexed, for the information and guidance of Barrack Masters, so far as they are concerned, viz. :—

1st.—That all Boards of Survey to be held upon Fuel (whether Coal or Turf) and Candles which may be offered by Ordnance Contractors for the use of Troops, shall be composed of competent and experienced Officers.

2nd.—The President not to be under the rank of Captain.

3rd.—One of the Members of the Board to be either a Quartermaster or Acting Quartermaster.

4th.—All articles of this description, prior to being submitted to a Board of Survey, must be duly tested by Barrack Masters and Barrack Sergeants, and evidence given by them before the Board as to their quality.

CIRCULAR, No. 547—continued.

5th.—Samples of Fuel and Candles must invariably be lighted before the Board, in order to ascertain the quality of the articles offered by the Contractor for the use of the Troops.

6th.—Fuel and Candles must be taken from the very centre of the lot offered by the Contractors for the purpose of being tested, not trusting to the outward appearance of either, circumstances rendering it necessary that these precautionary measures should be strictly adhered to.

7th.—The order for Boards of Survey must be inserted in Garrison orders. The proceedings of the Board, in duplicate, must be carefully and legibly written, and signed by the President and Members, one copy of which is to be retained by the Officer Commanding the Garrison, and handed over to his successor, in the event of any subsequent complaint being made against either Fuel or Candles so passed by a Board and placed in the Barrack stores.

8th.—The decision of the Boards of Survey must be considered as final. No article, having passed a Board, and being consequently received into store for the use of the Troops, can be re-surveyed with a view to rejection.

CIRCULAR MEMORANDUM, No. 548.

RATES of Personal Allowance for Officers and other Members of the War Office, and in the Civil Establishments at Out-Stations, not within the Provisions of the Travelling Warrant, No. 204, dated 23rd December, 1857.

War Office, 16th February, 1860.

THE Secretary of State for War has decided that, in lieu of the rates of personal allowance at present fixed for the respective ranks of Officers and Clerks belonging to the Department, when ordered from their homes on public duty, one uniform rate applicable to all classes (except as hereafter provided for the Clerks and appointments of lower grade at Out-stations) shall be substituted; and as this allowance should be no more than sufficient to provide for the actual and necessary excess of expense of living away from the usual place of residence, he has approved of the rate being fixed at 16s. a day from 1st April, 1860.

A further allowance of 4s. a day will be admitted if the Officer is accompanied by a servant, and his rank entitles him to take one, or if the duty upon which he is employed obliges him to travel with one.

Half the daily allowance is to be charged for the days of leaving and returning home, unless the duty is completed in two days, when an allowance for one day and a half will be granted.

When the duty is completed in the same day, an allowance of 8s. is to be charged if the Officer travel a distance of not less than fifteen miles from his home. If the distance be less than fifteen miles, 4s. only will be allowed.

It is to be distinctly understood that this Regulation is intended to apply to all persons holding appointments, both at the Head Quarters of the War Office and at the Out-stations, hitherto in receipt of a higher rate of personal allowance than 16s. a day.

The uniform rate thus fixed is also to be considered applicable to all Officers, whether Civil or Military, travelling upon the Continent of Europe or in the United States of America, hitherto allowed special rates for personal expenses exceeding 16s. a day.

The rate of 15s. a day heretofore allowed to Clerks and others holding appointments in the Manufacturing and other Civil Establishments at the Out-stations having been considered in reference to the rate of 10s. a day granted to the Clerks of equal or approximate grades serving under the several Military Storekeepers, whose travelling allowance is fixed by the Royal Warrant of 23rd December, 1857, No. 204, it has been determined to remove the distinction which exists between these classes respectively, and the rate to be charged therefore in the Travelling Accounts preferred by all of these classes for services performed subsequent to 1st April, 1860, will be limited to 10s. a day, with half and quarter of such rate under the conditions provided for in that Warrant.

B. HAWES.

War Office, 13th February, 1860.

THE General Order, dated 10th April, 1854 (C.—1,545), regulating the transmission of vouchers for Stores issued to services involving repayment, having been under consideration,—

Mr. Secretary Herbert has decided that in future *all* such documents are to be forwarded to the Director of Stores in the first instance, instead of to the Accountant General as heretofore.

Issues to the Commissariat Department are no longer to be paid for; the ordinary report of issue will therefore suffice, instead of a repayment voucher.

Military Store Officers are enjoined to be very careful in transmitting *all* repayment documents as promptly as possible after the issue has been made.

CIRCULAR, No. 550.

SIR,

War Office, 13th February, 1860.

I AM directed by Mr. Secretary Herbert to transmit to you herewith, for use in the regiment under your command, six copies of new Instructions for the guidance of Medical Officers and Private Practitioners when examining Recruits for the Militia, which have been prepared with the view of admitting into that Force a class of Men who are sufficiently efficient for the Military duties of a soldier at home, but who, under the Instructions contained at pages 11 to 13 of the Militia Regulations of 1st September, 1854, may have been excluded from serving in that Force.

Mr. Herbert has not considered it necessary to specify the precise nature of all the disqualifications which render a Recruit ineligible, and he therefore requests that Medical Officers and Private Practitioners will, in the exercise of their own discretion, satisfy themselves beyond all doubt that the Recruit is not only generally fit for Home duties, but that there is every probability of his continuing so for the term of five years, for which he is engaged.

I have the honor to be, Sir, your obedient Servant,

B. HAWES.

The Officer commanding — Regiment
of Militia.

INSTRUCTIONS for the Guidance of Medical Officers of the Army and Militia, and for private Medical Practitioners, in the Examination of Recruits for the Militia.

RECRUITS are to be rejected on account of any defect or disease which is likely to impair their efficiency and to disqualify them from a due discharge of the military duties of a Soldier at home. The following is a list of the more common defects which disqualify:—

Feeble constitution; unsound health, from whatever cause; indications of former serious disease; scrofulous glandular swellings or other confirmed symptoms of that disease, &c. &c.

Weak or disordered intellect.

Chronic cutaneous affections, especially of the scalp.

Severe injuries of the bones of the head.

Impaired vision, from whatever cause; inflammatory affections of the eyelids; immobility or irregularity of the Iris; fistula; lachrymalia, &c. &c.

Deafness, copious discharge from the ears, &c.

CIRCULAR, No. 550—*continued*.

Loss of many of the front teeth.

Strong stammering.

Want of due capacity of the chest, or any other indication of a liability to pulmonary disease.

Impaired or inadequate efficiency of one or both of the superior extremities from palsy, old fractures (especially of the clavicle), contraction of a joint, mutilation, extenuation, deformity, ganglions, &c. &c.

Unnatural excurvature or incurvature of the spine.

Hernia, or any marked tendency to that complaint.

Impaired or inadequate efficiency of one or both of the inferior extremities from varicose veins of a very tortuous or distended character, old fractures, malformation (flat feet, &c.), palsy or lameness, contraction, mutilation, extenuation, enlargement, unequal length, bunions, overlying or supernumerary toes, ganglions, &c. &c.

Ulcers, or unsound cicatrices of ulcers likely to break out afresh.

Traces of corporal punishment, or being marked with the letter D, are unqualified causes of rejection.

Diseases, whether acute or chronic, for which medical treatment is required.

Course of Examination of Recruits.

The Recruit is to walk several times across the inspection room, in order to show that he has the perfect use of his lower limbs; he is then to be halted and set up like a soldier under arms with the knees about an inch apart, and in this position to be strictly examined both in front and in rear, when, should no material defect be discovered, the inspection may proceed.

The Recruit is to imitate the serjeant present in the following evolutions, *viz.* :—To extend the arms at right angles with the body; to touch the shoulders with the fingers; to place the backs of the hands together above the head, and in that position to cough; whilst at the same time the medical practitioner applies his hand to the rings of the external oblique muscles: he is then to extend his arms and hands for examination; to rotate the fore-arm, and to bend and stretch the fingers.

The Recruit is next to stand upon one foot and move the ankle joint of each leg alternately, when, if any doubt exist respecting the efficiency of either joint or of any part of the lower limbs, he should be made to hop for a short period on the suspected limb, the size and aspect of which are to be accurately compared with the corresponding joint or part of the opposite limb.

The head of the Recruit, including the scalp, ears, eyes, nose and mouth, to be examined; and it is to be ascertained that he possesses the function of hearing and the faculty of distinct enunciation.

And lastly. The Recruit is to be examined as to his mental faculties; with which object the medical practitioner should invariably ask a few short questions as to the corps the Recruit has entered and the occupation he had previously followed, &c. &c., and should adopt any other suitable means for ascertaining the state of his intellect.

When the examination shall have been completed, if the Recruit be approved, the medical practitioner is to fill up and sign the attestation, as his signature will be considered a guarantee that he had personally examined the recruit in the manner and order here prescribed, and had discovered no defect other than such as he may have specified in the said attestation.

GENERAL ORDER. No. 743.

Staff College—4 (1860).

Horse Guards, S. W., 23rd January, 1860.

THE accompanying revised Regulations for the Staff College, having been approved by Her Majesty, are promulgated for the information and guidance of Officers of the Army.

It is now well understood that only one Officer can be spared from a Battalion at a time for the purpose of studying at the College, but this will not necessarily prevent a Battalion sending more than one to compete at an examination, if circumstances admit of their absence from their Regiment.

The principle under which Officers are allowed to enter the Staff College being that of pure competition, it follows that Candidates who may be found qualified at any examination, but who, from want of a sufficient number of vacancies, cannot then be admitted, will not have any claim to subsequent admission without undergoing another competitive examination.

By Command of HIS ROYAL HIGHNESS
THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,
Adjutant General.

STAFF COLLEGE.

Horse Guards, S. W., 23rd January, 1860.

THE following Regulations for the Staff College are substituted for those of the Memorandum of the 17th December, 1857:—

I. The Staff College is open to Officers of all arms of the Service, and consists at present of thirty Students, in the proportion of twenty-five from the Cavalry, Guards and Line, to five from the Corps of Royal Artillery and Royal Engineers; admission to the College being determined by a competitive examination.

II. No payment is required from Students to the funds of the College.

III. The qualifications requisite for admission are—

- 1st. A previous service of not less than three years, exclusive of leave of absence.
- 2nd. A certificate from his Commanding Officer that the Candidate is an intelligent, active, zealous and well-conducted Officer, and thoroughly acquainted with all his duties.
- 3rd. The Candidate, if not a Captain, to have passed the examination for a Troop or Company.
- 4th. A medical certificate of good health and fitness for the active duties of the Staff.

IV. Commanding Officers of Regiments will in every case forward applications for admission to the Staff College, through the General Officer in command, to the Adjutant General. If the Commanding Officer of the Regiment or the General Officer commanding cannot recommend the application of any Candidate, the grounds of objection to be distinctly stated.

V. The competitive examination for entrance to the Staff College comprises the following subjects, the relative values of each at the examination being shown by the number of marks attached to it:—

							Marks.
Mathematics	1,200
Military History	600	}	900
Military Geography	300		300
French	300
German	300
Hindustani	300
Fortification	600
Military Drawing	300
Geology	300
Chemistry	300

In Mathematics, 400 marks are allotted to Arithmetic, the first four books of Euclid and Algebra, including questions producing simple equations; and of this number at least 260 must be obtained for qualification.

Every Candidate must take up either the French, German or Hindustani Language for qualification; the qualifying minimum is, in French 150 marks, in German or Hindustani 100 marks.

The remaining subjects, as well as the higher portions of Mathematics, may be taken up or not at the option of the Candidate, the marks gained therein being reckoned in determining his position in the List of Competitors. No Candidate, however, will be allowed to count marks in any subject left optional unless he obtains at least one-sixth of the number allotted to it.

In regard to Military History, early notice will on each occasion be given of the special campaigns on which questions will be set at the next ensuing examination.*

VI. The examination of Officers serving in the United Kingdom for entrance to the Staff College is held in London about the month of July, under the direction of the Council of Military Education.

In the case of Officers serving abroad, the examinations of such as shall be allowed to compete are conducted by means of the same printed questions as are set for the examination of Candidates in London. These questions are to be answered in writing in the presence of a Board of Officers, which will be appointed by the General Officer in command, and which will certify that the Candidate has obtained no assistance from books or help of any kind in the examination.

VII. The College Course of Study commences annually on or about the 1st February. The transmission of the printed Examination Papers to Stations abroad is so arranged that the merits of the Candidates may be decided upon in time to admit of those who are successful joining the Staff College by the 1st February next ensuing.

VIII. The following are the subjects of Instruction at the Staff College, viz. :—

Mathematics; the minimum course will embrace this subject up to Elementary Mechanics inclusive.†

French, German and Hindustani.

Fortification and Artillery.

Topographical Drawing, Military Surveying and Sketching.

Reconnaissance.

Military Art, Military History and Geography.

Military Administration, including the organization and equipment of Armies in the Field.

Military Legislation.

Elements of Natural Philosophy, Chemistry and Geology, as applied to the Military Sciences.

Exercise in Composition will be afforded to the Students during the whole course of instruction, in writing Memoirs or Essays on the subjects of the course.

Riding.

IX. The course of study occupies two years, which period is not to be exceeded except in cases of illness, and then only with the sanction of the General Commanding in Chief.

The yearly course is divided into two terms, viz., from the 1st February to 15th June, and from the 15th July to the 15th December, the intervening periods constituting the vacations.

X. As Officers may be expected to join the College with very varied degrees of attainment, provision will be made to enable any Student, who may be well prepared in any particular subject, to attend more especially to other subjects in which he may feel himself deficient. If, for instance, the Student should come to the College previously well instructed in Mathematics, he will be enabled to direct his attention principally to the Military Sciences or to Languages, in lieu of Mathematical Studies.

XI. During the whole course Monthly Reports of the application and progress of each student will be forwarded for the information of the Council of Military Education. Examinations are held at the end of every half-year, the Summer Examination being conducted by the Professors of the College, and the Winter Examination by Examiners independent of the Establishment, under the superintendence of the Council of Military Education.

The Winter Examination at the termination of the first year of the Student's course probationary, and any Students who may appear unlikely to qualify themselves for the Final Examination at the close of the second year will be removed. Should, how-

* This rule will not be carried out till the Examination of July, 1861.

† A Syllabus of the minimum course of Mathematics will be forwarded to any Officer on application to the Council of Military Education, 1, Whitehall Yard.

GENERAL ORDER, No. 743—continued.

ever, any marked case of deficiency or neglect be brought under the notice of the Council of Military Education at any Half-yearly Examination, or at any other period, such Student will be also liable to removal.

XII. The following are the marks allotted to each subject at the Final Examination, with the obligatory minimum attached to each :—

	Maximum No. of Marks.	Obligatory Minimum.
Mathematics*	600	300
Fortification and Artillery	600	300
Military Drawing and Surveying	300	350
Reconnaissance	400	
Military Art, History and Geography	600	300
Military Administration and Legislation	600	300
French, German, Hindustani, or any other Mo- dern Language in lieu of one of these ... }	400 each	200 in one language
Chemistry	300	
Geology	300	

In Languages not obligatory, and in Chemistry and Geology, the Candidate will be expected to obtain at least one-third of the marks allotted to those subjects, in order to count in the examination.

In the examination great stress will be laid on original Composition, in whatever Language the Candidates take up.

Officers desirous of showing their proficiency in other languages, in addition to the three which are allowed to be taken up for the competitive examination, may be examined therein, and a Special Report of their qualifications will be made to the General Commanding in Chief; but they will not be allowed to count any marks thus gained in determining their position in the order of merit.

XIII. Any Officer may, with the sanction of the General Commanding in Chief, compete at the Annual Final Examination, without previously passing through the College; and further, any Officer, who desires to enter the College for one year only, will be permitted, if there be a vacancy, to present himself at the First Annual Examination of the Junior Division of Students (who will then have completed their first year), and, if qualified, may join the College accordingly. In each case the qualifications noted in Paragraph III. (above) will be required. Any Officer at the College, although of the Junior Division, may compete at the Final Examination of the Senior Division.

XIV. After the Final Examination the Council of Military Education will draw up and submit for the consideration of the General Commanding in Chief a List of the successful Candidates, arranged according to merit, with a Special Report of those who particularly distinguish themselves, whose names will be also mentioned by the Council in its Annual Report.

XV. Officers who have passed their Final Examination at the Staff College will be attached to each of the Arms successively in which they have not previously served. They will be required to attend Drills, Parades and Field Days, and they will avail themselves of every practicable means of making themselves generally acquainted with the discipline, interior economy, field movements and duties of those Arms; and certificates to this effect will be forwarded to the Adjutant General by the Officers commanding the Corps to which they may have been attached.

It is presumed that a period of four months with each Arm will be the utmost that will be required in this respect.

XVI. The Regulations relative to the qualifications of Officers for Direct Staff Appointments will continue in force until the system which has been above detailed shall have fully come into operation, and the examinations referred to in that order will be conducted under the direction of the Council of Military Education.

Officers, however, who have attained the rank of Lieutenant Colonel will be exempted from the operation of that order.

As soon as the College shall be in a position to supply all vacancies in the Staff of the Army, no Officer will be appointed to the Staff who shall not have passed the Final Examination of the College, with the exception of those who attained before the 1st

* In this subject, one-third of the marks previously gained at the first year's or probationary examination will be added to those gained at the Final Examination, and count therefore towards obtaining the obligatory minimum.

GENERAL ORDER, No. 743—continued.

January, 1860, the rank of Lieutenant Colonel, and in every case excepting Officers of proved ability in the Field.

XVII. Although the course of Mathematics at the College has been limited to that amount of knowledge which is considered essential to complete the education of the Staff Officer, it is probable that many Officers may desire to pursue their Mathematical Studies to a much higher point, and any Candidates therefore who shall have proved their fitness for employment on the Ordnance Survey or in the Topographical Department, by superior progress in the Science of Geodesy as well as of Topography, will be named in the Annual Report of the Council of Military Education to the Secretary of State for War as deserving of employment in those Services.

G. A. WETHERALL,
Adjutant General.

GENERAL ORDER. No. 744.

Cavalry—1 (1860).

Horse Guards, S. W., 23rd February, 1860.

1. His Royal Highness the General Commanding in Chief having had under consideration the present expenses necessarily incurred by Officers of Cavalry, and anxious to reduce them as far as practicable, has the satisfaction of announcing to the Army that Her Majesty the Queen has been pleased to approve of a reduction of the regulation prices for Commissions in the Cavalry of the Line, which will accordingly for the future be as follows, viz. :—

Lieutenant Colonel	£4,500	instead of	£6,175
Major	3,200	"	4,575
Captain	1,800	"	3,225
Lieutenant	700	"	1,190
Cornet	450	"	840

The difference in value between the late and proposed regulation price of a Cavalry Commission will be paid to the retiring Officer from the reserve fund at the disposal of the Secretary of State for War.

The price which an Officer will pay on promotion by purchase to the higher ranks, will be—

Major to be Lieut. Colonel	£1,300	instead of	£1,600
Captain to be Major	1,400	"	1,350
Lieutenant to be Captain	1,100	"	2,035
Cornet to be Lieutenant	250	"	350

2. His Royal Highness also promulgates, in concurrence with the Secretary of State for War, the following revised regulations regarding the purchase of Officers' chargers from the ranks, viz. :—

Every Officer of Cavalry and Horse Artillery, and of the Cape Mounted Riflemen below the rank of Regimental Field Officer, is permitted to select two horses, as chargers, from the ranks, with the exception of Medical Officers, Veterinary Surgeons, Paymasters and Quartermasters, who may select one each under the following conditions, viz. :—

First. The price to be paid will be the price allowed by regulation for the purchase of remounts.

Second. When two or more Officers are to select at the same time, the senior is to have first choice, but must not be permitted to choose a second horse until his juniors have each chosen one.

Third. Officers will be required to pay the price of their chargers into the hands of the Paymaster within one week from the date of selection.

Four. In selecting Officers' chargers from the ranks, the horses of all Serjeant Majors and Serjeants, which have been regularly ridden in the field as such, are to be exempt from choice.

Five. Officers will not be permitted to use their first chargers—when selected from the ranks or remounts—for hunting or for harness; but this restriction is not intended to apply to second chargers so selected.

Six. Officers will not be permitted to part with the horses selected from the ranks, or from the remounts, to any one except an Officer of the same corps, without the sanction of the Commander-in-Chief, obtained through the Commanding Officer; and when permission is given to sell such horses, they must be replaced at the Officer's own cost in the usual manner, by private purchase.

GENERAL ORDER, No. 744—continued.

Seven. Selected chargers may be exchanged between Officers of the same corps, with the sanction of the Commanding Officer, and, after their full price has been paid to the Paymaster, may be sold to any Officer of the same corps entitled to a choice,—the purchase to stand in the place of a selection,—and the seller to be entitled to another choice.

Eight. Except in the case of sale to an Officer of the same corps, as provided for in clause 7, no Officer will be allowed to replace a charger taken from the ranks or remounts by a fresh selection, unless the charger previously selected has died, been killed in action, been captured or lost, or been shot at the recommendation of a Board for infectious disease, or is reported unfit for further service through age, vice, disease, permanent unsoundness, or any other cause which may, in the opinion of an Inspecting General Officer, justify the rejection of such horse as a charger, in which case he will be returned to the ranks to be cast and sold.

Nine. Officers who select chargers from the ranks, or from the remounts, must in all cases pay the usual fee, for the breaking of horses, to the Riding Master.

It is to be clearly understood, that in the selection of chargers, Officers are not restricted in their choice to the remounts,—i.e. young horses not yet fit for the ranks; but are free to choose, subject to the conditions and exceptions above specified, from all the horses on the effective strength of the Regiment; and His Royal Highness the General Commanding in Chief desires that Commanding Officers of Cavalry Regiments will faithfully and thoroughly carry out the liberal intentions of this Order, by giving every facility to Officers for making a free and proper selection.

3. The General Commanding in Chief is further pleased to approve of each Officer of a Regiment of Cavalry being allowed two Soldiers to attend him and groom his horses, employed for regimental purposes, when present in quarters or absent on duty.

One of these Bâtmen is to be held available for mounted parades, when, owing to the absence or want of Men, there may be unappropriated horses.

By Order of HIS ROYAL HIGHNESS,
THE GENERAL COMMANDING IN CHIEF.

Adjutant General.
